Everything is Energy Show Topics for Episode #493 08/06/15:

- All discussions of energetic imbalances *reference certain frequencies an imbalance may be similar to. A frequency is NOT the actual disease.*
- Newly revealed Hereditary imbalances added to the AIM database.
- An imbalance, and/or the healing of it, can have a huge impact in someone who has it, yet might hardly be felt, or might be experienced completely differently, in someone else with the same imbalance.
- When we say a frequency is "gone", it means it no longer shows as present in the consciousness of someone who had it. This also refers to those who have been on AIM long enough to have healed most of their imbalances, such that they were ready to select the balancing energies for the new frequency as soon as they were added to the AIM Trays.
- The hope is that a newly found, previously unknown imbalance will be the final one behind a given issue. If it is not, it may feel like something is "back", when in reality there are just more layers of imbalances to be revealed and healed.
- Highly recommended resource: Section 3 of the AIM Q&A: Life Force and Imbalances, available on the web site.

Newly Revealed Hereditary Frequency Update As of August 06, 2015

This week there were five new Hereditary frequencies revealed to us.

The first new Hereditary frequency 8667 was revealed to us and added to the AIM Program on August 3, 2015. This frequency is believed to function within the energetic orbs of the Lungs, Respiratory System, Digestive Tract, Stomach, Muscles, Joints, Throat, Sinuses and Heart or wherever it is in you if you have it. It may manifest itself through the unresolved emotional etiologic frequency of: Unhappiness.

The second new Hereditary frequency 8618 was revealed to us and added to the AIM Program on August 3, 2015. This frequency is believed to function within the energetic orb of the Skin or wherever it is in you if you have it. It may manifest itself through the unresolved emotional etiologic frequency of: Irritability.

The third new Hereditary frequency 8628 was revealed to us and added to the AIM Program on August 4, 2015. This frequency is believed to function within the energetic orbs of the Joints, Liver and Skin or wherever it is in you if you have it. It may manifest itself through the unresolved emotional etiologic frequency of: Dissatisfaction.

The fourth new Hereditary frequency 8638 was revealed to us and added to the AIM Program on August 4, 2015. This frequency is believed to function within the energetic orbs of the Skin and Brain or wherever it is in you if you have it.

It may manifest itself through the unresolved emotional etiologic frequencies of: Over Agressiveness and Withdrawal.

The fifth new Hereditary frequency 8648 was revealed to us and added to the AIM Program on August 6, 2015. This frequency is believed to function within the energetic orbs of the Lungs, Respiratory System, Muscles, Joints, Digestive Tract, Stomach or wherever it is in you if you have it.

It may manifest itself through the unresolved emotional etiologic frequency of: Indecision.

Here is the update on past frequencies that were revealed and added to the AIM Program last week:

8627, 8637, 8647 & 8657 We believe have balanced in all those AIM Participants who were clearing them.

Regarding the frequencies that have cleared, we clarify: "We cannot say with certainty or accuracy that they have cleared in all, because we cannot check all. Additionally, some heal more slowly because of underlying energetic weakness, such as the frequency of parasites."

REMINDER: Although the frequencies have balanced in those who are positive for them, we may have to allow our physical being to strengthen to notice the positive effects.

Brentt from Idaho

I started the AIM Program on March 11th and I was quite aware on that day of the moment that my healing process started. The energy around and within me became more supportive and positive. This has allowed me to be in the moment much more easily and as the days passed I started to adjust to this more-supportive energy with the result being a reduction in my anxiety. Several other family members who started AIM at the same time that I did have reported a similar effect since starting on the program (less fear, anxiety and easier to simply be in the now without as much stress). Since starting AIM two and half months ago, my body has felt more energetic and as a result I could be more active and I felt like eating more nutritious foods. I have lost 16 pounds (I had not been able to lose weight in many years), and I am experiencing a very reduced allergy season compared to what I normally have each spring, not to mention the reduced anxiety and more positive energy within and around me that I have throughout each day. All of these life changes have been synchronous with my participation in the AIM Program.

I should note that although I am aware of the above changes in my life, during the first three or four weeks on the AIM Program, it felt like there was a battle going on psychologically at some other level inside of me. That sensation passed after the first four weeks, but it was quite intense and uncomfortable. Since then, I have not experienced anything that intense in the back of my mind. Thanks for the opportunity to share this with you.
