Events

Everything is Energy Show Topics for Episode #494 08/13/15:

- All discussions of energetic imbalances *reference certain frequencies an imbalance may be similar to. A frequency is NOT the actual disease.*
- Newly revealed Hereditary imbalances added to the AIM database.
- Stephen's work has transformed from being "technological with spiritual overtones" to being "spiritual with technological overtones". All of life is spiritual; it all comes down to spiritual problems and spiritual solutions, just as Wayne Dyer wrote in There's A Spiritual Solution to Every Problem.
- You can't understand AIM, self-healing or life using only your intellect. You need to understand that everything and everyone is and always has been one big hologram.
- Stephen's testing device, the "QED", and the "QID" (the imprinting device, better known as the AIM Trays), can be seen in our 2.5 minute "Virtual Tray Tour Video".
- Stephen's focus is on finding "unknown" Hereditary frequencies, not acquired imbalances, but he does stay on top of things. Should he find anything, including an occasional man-made imbalance, he assures it is something we can easily overcome.
- It always gets back to everything being a spiritual process. What matters is what you don't overcome, and what is your relation to the entire universe? Are you at odds with it, or in sync?

Newly Revealed Hereditary Frequency Update As of August 13, 2015

This week there were four new Hereditary frequencies revealed to us.

The first new Hereditary frequency 8658 was revealed to us and added to the AIM Program on August 10, 2015. This frequency is believed to function within the energetic orbs of the Lungs, Respiratory System, Muscles, Joints, Digestive Tract, Stomach or wherever it is in you if you have it. It may manifest itself through the unresolved emotional etiologic frequency of: Resentment.

The second new Hereditary frequency 8668 was revealed to us and added to the AIM Program on August 10, 2015. This frequency is believed to function within the energetic orbs of the Skin, Lungs, Respiratory System and Brain or wherever it is in you if you have it. It may manifest itself through the unresolved emotional etiologic frequency of: Intolerance.

The third new Hereditary frequency 8711 was revealed to us and added to the AIM Program on August 11, 2015. This frequency is believed to function within the energetic orbs of the Bladder, Urinary Tract, Kidneys, Skin and Brain or wherever it is in you if you have it. It may manifest itself through the unresolved emotional etiologic frequency of: Moodiness.

The fourth new Hereditary frequency 8721 was revealed to us and added to the AIM Program on August 13, 2015. This frequency is believed to function within the energetic orbs of the Skin, Neck and Brain or wherever it is in you if you have it. It may manifest itself through the unresolved emotional etiologic frequency of: Worry.

Here is the update on past frequencies that were revealed and added to the AIM Program last week:

8667, 8618, 8628 & 8638 We believe have balanced in all those AIM Participants who were clearing them.

8648 We believe will balance in all those AIM Participants who are clearing it by the end of this weekend.

Regarding the frequencies that have cleared, we clarify: "We cannot say with certainty or accuracy that they have cleared in all, because we cannot check all. Additionally, some heal more slowly because of underlying energetic weakness, such as the frequency of parasites."

REMINDER: Although the frequencies have balanced in those who are positive for them, we may have to allow our physical being to strengthen to notice the positive effects.

[Click here for a more-detailed explanation of the Newly Revealed Hereditary Frequency Update](#)

For more information on the latest frequencies you can listen to the Everything is Energy Show every Thursday morning from 9-10 AM (Pacific). (See the listing in [Events](#).)

Janice from Florida

My dog, (a Bichon Frise named Mac) will be 12 in Oct. 2012. He participated in the AIM Program for 3 years. During that time his yearly visits to the vet consistently gave him a clean bill of health. Our vet even went so far as to state that his heart was as healthy as a teenager's! He ate well and seemed full of energy and joy.

After being on AIM for 3 years and doing so well, I decided to remove him from my Family Plan in order to make room for a different family pet. In less than a month Mac began acting like an old dog! His energy level and strength became very low. Whereas he had always been able to jump effortlessly up onto our high bed in the Master bedroom, he would no longer even try to jump but begged to be picked up instead!

The swinging door (for humans) dividing the main part of our house from the hall/bedrooms also became an "issue" for him. Previously Mac was able to swing the door open for another family dog to go through (by standing on his hind legs against it) and then go through it himself. He totally lost the ability and would stand pathetically at the door waiting for human help.

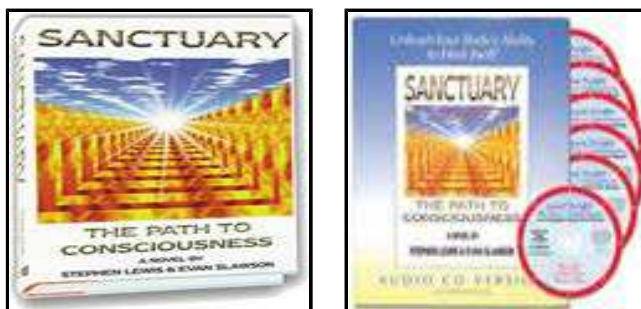

Our vet always said that dogs can't tell you when something is wrong, so you must learn about what's going on with them by observation. What I observed was very discouraging. After 3 months I renewed Mac's AIM participation. Almost immediately he became "his old self" again, acting young, strong and energetic! He now easily jumps up on the bed again and opens the swinging door! I attribute these benefits to his being on AIM Program again.

My daughter adopted a beautiful stray kitten. After only a few months the kitten began throwing up most of her food. I tried a great variety of cat foods, even cooking her organic chicken and ground beef and wild caught salmon. Sadly, nothing helped. Sable (the cat) became thinner and thinner. I took her to our vet, who informed us that she was suffering from feline AIDS. We were told that she probably didn't have long to live, and were provided with different cat foods to try. Still, nothing worked, she seemed to be losing interest in even eating anything.

By the time I contacted my facilitator to ask whether there was a balancing frequency for the frequency of feline AIDS, we were feeling truly desperate! Fortunately there is such a frequency available. I immediately requested that Sable be started on the AIM Program. Within only a month, there was a noticeable difference. She has continued to heal herself, eagerly eats everything offered, has gained weight and looks like a healthy cat! We are so-o-o-o grateful! Thanks AIM!
