### Events

#### **Everything is Energy Show Topics for Episode #501 10/01/15:**

- All discussions of energetic imbalances *reference certain frequencies an imbalance may be similar to. A frequency is NOT the actual disease.*
- Newly revealed Hereditary imbalances added to the AIM database.
- Hereditary energetic imbalances in consciousness are what EMC<sup>2</sup> believes to be the predispositions or potentials for eventual negative physical manifestation, unless healed by you.
- Stephen believes everything is dormant initially, and then follows its path or goal to become less dormant. Self-healing and removing imbalances with the help of AIM allows you to interrupt that process and get rid of those potentials while they're still dormant.
- Stephen walked us through some of the processes he uses with his QED in both looking for previously unknown imbalances and attempting to determine if any unknown frequencies still remain hidden. This evaluation process is very detailed - it's not like asking for a print out of what's going on energetically in someone.

## Newly Revealed Hereditary Frequency Update As of October 01, 2015

**This week there were four new Hereditary frequencies revealed to us.**

The first new Hereditary frequency 8715 was revealed to us and added to the AIM Program on September 25, 2015. This frequency is believed to function within the energetic orbs of the Low Back, Hip Joints, Skin, Lungs, Respiratory System, Muscles and Joints or wherever it is in you if you have it.

It may manifest itself through the unresolved emotional etiologic frequency of: Apprehension.

The second new Hereditary frequency 8725 was revealed to us and added to the AIM Program on September 28, 2015. This frequency is believed to function within the energetic orbs of the Lungs, Respiratory System, Skin, Kidneys, Bladder, Urinary Tract, Liver, Muscles, Joints, Throat, Sinuses and Heart or wherever it is in you if you have it.

It may manifest itself through the unresolved emotional etiologic frequency of: Hostility.

The third new Hereditary frequency 8735 was revealed to us and added to the AIM Program on September 28, 2015. This frequency is believed to function within the energetic orbs of the Skin, Brain, Lungs, Respiratory System, Digestive Tract, Stomach, Muscles and Joints or wherever it is in you if you have it.

It may manifest itself through the unresolved emotional etiologic frequency of: Depression.

The fourth new Hereditary frequency 8745 was revealed to us and added to the AIM Program on October 1, 2015. This frequency is believed to function within the energetic orbs of the Lungs, Respiratory System, Digestive Tract, Stomach, Sinuses or wherever it is in you if you have it.

It may manifest itself through the unresolved emotional etiologic frequency of: Depression.

## Here is the update on past frequencies that were revealed and added to the AIM Program last week:

8744, 8754 & 8764 We believe have balanced in all those AIM Participants who were clearing them.

8715 & 8725 We believe will balance in all those AIM Participants who are clearing them by the end of this weekend.

Regarding the frequencies that have cleared, we clarify: "We cannot say with certainty or accuracy that they have cleared in all, because we cannot check all. Additionally, some heal more slowly because of underlying energetic weakness, such as the frequency of parasites."

**REMINDER:** Although the frequencies have balanced in those who are positive for them, we may have to allow our physical being to strengthen to notice the positive effects.

For more information on the latest frequencies you can listen to the *Everything is Energy Show* every Thursday morning from 9-10 AM (Pacific). (See the listing in [Events](#).)

### Janene from Australia

I first commenced the Sacrament of Energetic Balancing through The AIM Program on the 12th of December 2003. I hadn't been feeling my vibrant self for about a year, and was present to feelings of daily tiredness, constantly overwhelmed by my commitments and responsibilities, loss of confidence, fitness and belief in myself. My weight had crept up by 10 kg compounding feelings of inadequacy and emotional lows. Life was feeling like I was on a down hill slide while desperately pushing up-hill at the same time.

The first six months on The AIM Program I experienced more tiredness and slept a lot more than I had for years. I have a history of four to five hours sleep a night. I saw this as a correcting crisis and persevered, renewing my program for 12 months.

Now my experience of life is energetic, a sense of strong management in my work and personal life. I am committed to a rigorous exercise program, which has been in place for eight months now, and I love the whole experience of fitness. I have taken on two new businesses in addition to my existing work and am able to think clearly under acute work pressures and family breakdowns (two teenagers in the house). I am more able to openly express my love to friends and family and am a lot more demonstrative.

I am able to maintain integrity with self and others due to an increase in consciousness and proactivity in all areas of my life. My body is stronger and feels younger, even better than I can ever remember. Thank you EMC<sup>2</sup>. I am so grateful for the opportunity of the benefits of energetic healing.
