Everything is Energy Show Topics for Episode #504 10/22/15:

- All discussions of energetic imbalances *reference certain frequencies an imbalance may be similar to. A frequency is NOT the actual disease.*
- Newly revealed Hereditary imbalances added to the AIM database.
- We are messengers to those who choose to hear. Part of being a messenger is letting people know about our resources and how they can expand one's understanding of their role in everything. How they uniquely utilize AIM to help them self-heal.
- Discussed people like Stephen, on AIM for years and still "detoxing" Hereditary imbalances he has, one-by-one as they are revealed, versus someone just starting or in their first year on AIM. These people will address way more frequencies in their first 1-2 years, yet it's still impossible to predict what they will or will not "feel" in the process.
- Fascinating to look forward to what life will be like with no remaining Hereditary imbalances. Stephen is committed to helping all participants reach that point, including himself.
- Discussed what a life force of 100 means and doesn't mean, and how there is no such thing as "100%". Stephen also reminded us that we can exceed a life force of 100. There is no limit to energy flow, and of course, consciousness.
- Valuable resource: Our AIM Q&A and Glossary. Available on our web site to help people go well beyond

the information in Sanctuary. Grasp how AIM has expanded and help us be better able to "bless the detox".

Up To Date...Where we stand now.

We have found so many new frequencies to date. What does that mean in our overall healing process? Where do we stand now? When will we be so called "finished" if ever?

Newly Revealed Hereditary Frequency Update

As of October 22, 2015

This week there were four new Hereditary frequencies revealed to us.

The first new Hereditary frequency 8746 was revealed to us and added to the AIM Program on October 19, 2015. This frequency is believed to function within the energetic orbs of the Throat, Sinuses, Heart, Skin, Bladder, Urinary Tract, Kidneys, Digestive Tract, Stomach, Muscles and Joints or wherever it is in you if you have it.

It may manifest itself through the unresolved emotional etiologic frequency of: Dissatisfaction.

The second new Hereditary frequency 8756 was revealed to us and added to the AIM Program on October 19, 2015. This frequency is believed to function within the energetic orbs of the Skin, Lungs, Respiratory System, Digestive Tract, Stomach, Muscles and Joints or wherever it is in you if you have it.

It may manifest itself through the unresolved emotional etiologic frequency of: Indecision.

The third new Hereditary frequency 8766 was revealed to us and added to the AIM Program on October 19, 2015. This frequency is believed to function within the energetic orbs of the Digestive Tract, Stomach, Muscles, Joints, Kidneys, Bladder, Urinary Tract, Liver, Brain and Skin or wherever it is in you if you have it.

It may manifest itself through the unresolved emotional etiologic frequency of: Intolerance.

The fourth new Hereditary frequency 8717 was revealed to us and added to the AIM Program on October 22, 2015. This frequency is believed to function within the energetic orbs of the Digestive Tract, Stomach, Muscles, Joints, Lungs, Respiratory System, Low Back and Hip Joints or wherever it is in you if you have it.

It may manifest itself through the unresolved emotional etiologic frequencies of: Immaturity and Loneliness.

Here is the update on past frequencies that were revealed and added to the AIM Program last week:

8716, 8726 & 8736 We believe have balanced in all those AIM Participants who were clearing them.

Regarding the frequencies that have cleared, we clarify: "We cannot say with certainty or accuracy that they have cleared in all, because we cannot check all. Additionally, some heal more slowly because of underlying energetic weakness, such as the frequency of parasites."

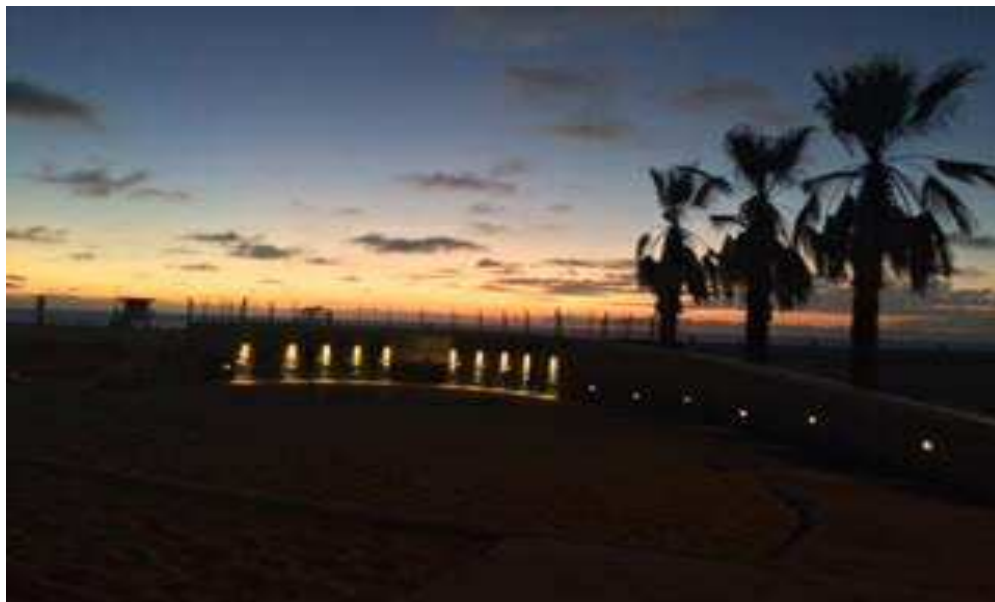

REMINDER: Although the frequencies have balanced in those who are positive for them, we may have to allow our physical being to strengthen to notice the positive effects.

Meda from Virginia

I am 68 years old. About eight years ago I had a major allergic reaction that sent my immune system into hyperdrive that did not go away. I almost lost kidney function, had hives, and my rheumatoid arthritis went into full attack. The pain gradually took over my life until it seemed like a field of pain extending out 6 to 8 inches all around. Also, while I had some allergies before, I was now seemingly allergic to everything man-

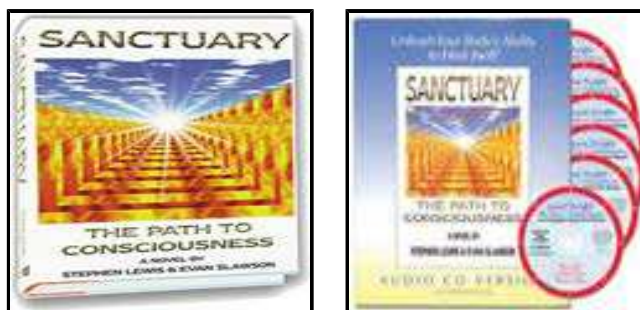

made. Household cleaners, perfume, all medications, paint fumes, etc. would send me into vertigo and heart irregularities, my blood pressure would shoot up and I could not even carry on a sensible conversation. The heart irregularities scared me most. Also, eating became an ordeal of vomiting and esophageal spasms to the point that all I could safely eat was white rice and steamed broccoli with nothing but salt to flavor. The doctors could not treat me and I lived in fear of an EMT being called and not listening. Nobody seemed able to accept that anyone could be this allergic to her environment.

I learned of The AIM Program through a workshop Wayne Dyer recorded and took a chance. I had gone through two years of NAET treatment that had worked somewhat with my eating, but not at all with inhalants. It has been about three years now since I started participating in the Sacrament of Energetic Balancing through The AIM Program and at first my self-healing was slow. But now I can go to restaurants, most theaters and a number of stores, and do not throw up with food more than once a month or even less. My diet is restricted, but I think it will not be too long before I can forget this whole chapter in my life. The day I could eat a sandwich was the day I felt it was going to be OK, and the day I could eat meat on that sandwich my whole office celebrated.

I recommend energetic balancing to everybody.

**"I've told you that disease frequencies move into an energetic vacuum.
That may also be true of actual diseases.
So even if a disease is treated by an M.D.,
it may be in your best interests to identify that vacuum - that is,
to identify your vulnerability."
