Everything is Energy Show Topics for Episode #505 10/29/15:

- All discussions of energetic imbalances *reference certain frequencies an imbalance may be similar to. A frequency is NOT the actual disease.*
- Newly revealed Hereditary imbalances added to the AIM database.
- While AIM cannot protect you from acquiring imbalances, your high life force and thousands of acquired frequencies identified in the AIM database will help you overcome whatever you do acquire.
- In general, if you injure yourself you can develop chronic injuries in energetic orbs where numerous Hereditary imbalances have settled or layered, i.e., your weak areas. Not surprisingly, those areas are where you might feel most of the detoxing of certain imbalances.
- How Stephen (Max) introduced Evan (the narrator and co-author of Sanctuary) to the concept of using photographs for energetic evaluation, long before AIM was launched (reference pages 77-78 in Sanctuary).
- Discussed the decades of work and private practice that preceded the launch of the AIM Program.
- How grateful we are for Stephen's life's work which is helping us all go as far as we choose down our unique, individual "path to Consciousness".

Here is the update on past frequencies that were revealed and added to the AIM Program last week:

8746, 8756 & 8766 We believe have balanced in all those AIM Participants who were clearing them.

8717 We believe will balance in all those AIM Participants who are clearing it by the end of this weekend.

Regarding the frequencies that have cleared, we clarify: "We cannot say with certainty or accuracy that they have cleared in all, because we cannot check all. Additionally, some heal more slowly because of underlying energetic weakness, such as the frequency of parasites."

REMINDER: Although the frequencies have balanced in those who are positive for them, we may have to allow our physical being to strengthen to notice the positive effects.

Allan from Canada

Thank you from the bottom of my heart for The AIM Program. I have been on AIM for almost 2 years and I have found that my seasonal allergies are almost completely gone. This year I only had 3 to 4 days of sneezing compared to 3 weeks the year before and 2 months the year before that. Something that totally took me by surprise is that recently I went into a pharmacy to purchase something for my wife and realized it was the first time since summer 2005 that I went shopping in a drug store. Because of a sense of well being, I slowly stopped taking pills for all kinds of things such as headaches, allergies, stomach upset, congestion, etc. Last year I put my dog on for 6 months and the daily seizures that he was having almost completely disappeared (with the exception of a mild one several months apart). My only regret is having waited so long to find you.
