Everything is Energy Show Topics for Episode #497 09/03/15:

- All discussions of energetic imbalances *reference certain frequencies an imbalance may be similar to. A frequency is NOT the actual disease.*
- Newly revealed Hereditary imbalances added to the AIM database.
- Stephen's tribute to his good friend Dr. Wayne Dyer, a "Spiritual Giant who will continue his profound impact in bringing spirituality to so many people worldwide."
- Stephen defines spirituality as "the degree to which you perceive your connection to everyone and everything in the universe, without exception." Wayne was one of the most spiritual people he ever met.
- Discussed acquired imbalances, particularly those acquired from spider bites.
- Discussed how Hereditary imbalances layer and "conspire" to create physical manifestations if not self-healed. It's never as simple as one single imbalance.
- Stephen reminds us that we cannot focus on healing everything at the same time. It may be more important that you heal your potentials for something that can cause your demise, before you focus on removing every imbalance that may be contributing to a given manifested skin issue, for example.
- It's hard for you to appreciate all the potentials for negative manifestations that you have self-healed if you

have some physical issue remaining.

- Discussed healing versus curing and treating. How things/tests can fluctuate as we heal imbalances. The need to be aware of that and monitor appropriately if we are taking medications (see the "Medications" question in section III of the AIM Q&A).
- Stephen is all for medical attention when it's needed. He also feels it makes good sense to realize that almost anything can fluctuate. You might not want to over-react to how you feel, or to some test results when different results might happen a week later.

Newly Revealed Hereditary Frequency Update As of September 03, 2015

This week there were two new Hereditary frequencies revealed to us.

The first new Hereditary frequency 8762 was revealed to us and added to the AIM Program on August 31, 2015. This frequency is believed to function within the energetic orbs of the Low Back, Hip Joints, Skin, Mouth and Feet or wherever it is in you if you have it.

It may manifest itself through the unresolved emotional etiologic frequency of: Over Aggressiveness.

The second new Hereditary frequency 8723 was revealed to us and added to the AIM Program on September 2, 2015. This frequency is believed to function within the energetic orbs of the Joints, Lungs,

Respiratory System, Bladder, Urinary Tract and Kidneys or wherever it is in you if you have it. It may manifest itself through the unresolved emotional etiologic frequency of: Dissatisfaction.

Here is the update on past frequencies that were revealed and added to the AIM Program last week:

8712, 8722 & 8732 We believe have balanced in all those AIM Participants who were clearing them.

8742 & 8752 We believe will balance in all those AIM Participants who are clearing them by the end of this weekend.

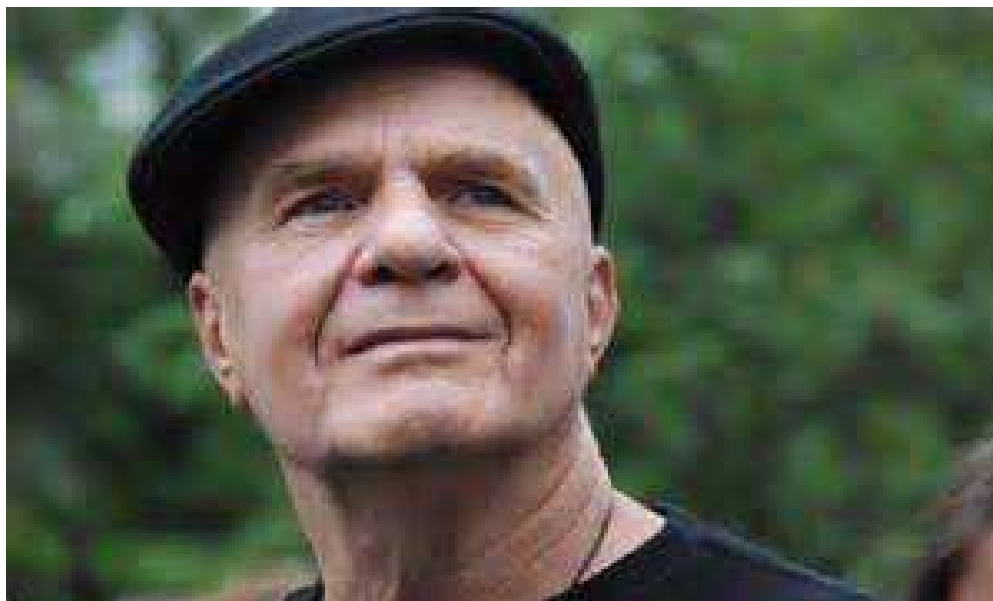

Regarding the frequencies that have cleared, we clarify: "We cannot say with certainty or accuracy that they have cleared in all, because we cannot check all. Additionally, some heal more slowly because of underlying energetic weakness, such as the frequency of parasites."

REMINDER: Although the frequencies have balanced in those who are positive for them, we may have to allow our physical being to strengthen to notice the positive effects.

For more information on the latest frequencies you can listen to the Everything is Energy Show every Thursday morning from 9-10 AM (Pacific). (See the listing in [Events](#).)

Elizabeth from Utah

At the age of 23, I began to have muscle fatigue in my hands and arms. This was diagnosed as overuse syndrome and did not recover with the established treatment. I was 15 years too young for this diagnosis

but my symptoms didn't seem to fit any other category.

Within 2 years, I was unable to work, drive a car, put on make-up, and wash my own hair or even work on a computer. At the age of 24, I became physically and financially dependent on my mother. I had received several diagnoses: thoracic outlet syndrome, reflex sympathetic dystrophy, and fibromyalgia. I was in a wheelchair. I lost my speaking and singing voice. I was in constant pain.

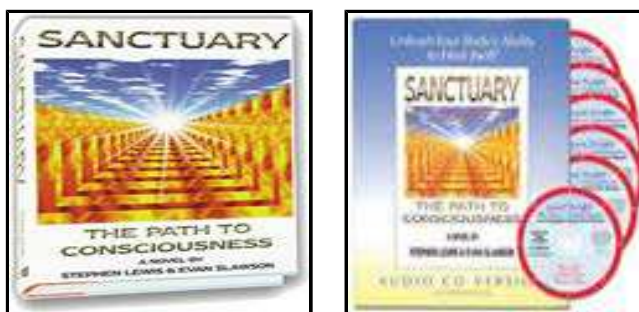

I always felt that recovery would result from a multi-pronged approach, and as I learned more about myself I realized, for me, the "prongs" were spiritual and emotional as well as physical. The AIM Program for the Sacrament of Energetic Balancing has been the spiritual part of my healing. My body is re-structuring its self, and I am seeing miraculous results.

I am out of the wheelchair, my pain is disappearing, and I am in the strengthening part of my rehab. My muscles feel normal again, strong and supple, not like the mush I had felt for 10 years. In the last year, I have made up for lost time – traveling and dancing with friends on the weekends. For me, life has spice and joy again!

I am grateful for The AIM Program's energetic balancing and excited to see improvements in my emotional and physical health.
