Everything is Energy Show Topics for Episode #419 01/23/14:

- Details of newly revealed Hereditary imbalances added to the AIM database; most seem to have some degree of prevalence
- "TWEE" -type frequencies may be one of the most prevalent types and may also be what is still hidden in Stephen (currently masked by a known frequency he's detoxing)
- Stephen's next book (perhaps "Really Up-To-Date") will be written when he feels 99% of frequencies have been revealed and are in the AIM database
- There will always be some "unknown" frequency that might be unique to an individual, so checking won't cease
- Oriental Medicine/Acupuncture and emotions associated with various organs
- Recommended book we can all gain something from regardless of the level we are on: "Acupuncture: The Ancient Chinese Art of Healing and How it Works Scientifically" by Felix Mann
- Stephen feels "Books like "Holographic Universe" and "Power vs Force" are treasures - when you up your knowledge, you up what you can get from these books"

Newly Revealed Hereditary Frequency Update As of January 23, 2014

This week there were five new Hereditary frequencies revealed to us.

The first new Hereditary frequency 7935 was revealed to us and added to the AIM Program on January 20, 2014. This frequency is believed to function within the energetic orbs of the Urinary Tract, Bladder, Skin and Brain. It may manifest itself through the unresolved emotional etiologic frequency of: Timidity. At this time we are not sure how common this will be among AIM Participants.

The second new Hereditary frequency 7945 was revealed to us and added to the AIM Program on January 20, 2014. This frequency is believed to function within the energetic orbs of the Lungs and Respiratory System. It may manifest itself through the unresolved emotional etiologic frequency of: Irritability. At this time we are not sure how common this will be among AIM Participants.

The third new Hereditary frequency 7955 was revealed to us and added to the AIM Program on January

20, 2014. This frequency is believed to function within the energetic orbs of the Muscles, Joints, Digestive Tract and Spine. It may manifest itself through the unresolved emotional etiologic frequency of: Hostility. At this time we are not sure how common this will be among AIM Participants.

The fourth new Hereditary frequency 7965 was revealed to us and added to the AIM Program on January 20, 2014. This frequency is believed to function within the energetic orbs of the Heart, Muscles, Joints, Lungs and Respiratory System. It may manifest itself through the unresolved emotional etiologic frequency of: Dissention. At this time we are not sure how common this will be among AIM Participants.

The fifth new Hereditary frequency 7916 was revealed to us and added to the AIM Program on January 20, 2014. This frequency is believed to function within the energetic orbs of the Sinuses. It may manifest itself through the unresolved emotional etiologic frequency of: Pain Behind Cheerfulness. At this time we are not sure how common this will be among AIM Participants.

Here is the update on past frequencies that were revealed and added to the AIM Program last week:

7954, 7964, 7915 & 7925 We believe have balanced in all those AIM Participants who were clearing them.

Regarding the frequencies that have cleared, we clarify: "We cannot say with certainty or accuracy that they have cleared in all, because we cannot check all. Additionally, some heal more slowly because of underlying energetic weakness, such as the frequency of parasites."

REMINDER: Although the frequencies have balanced in those who are positive for them, we may have to allow our physical being to strengthen to notice the positive effects.

Tamera from Montana

My name is Tamera and I live in Montana. I had been working on regaining my health through energy balancing and clearing for about 4 years before discovering the AIM Program through one of Kevin Trudeau's books that my mom gave me. One of the conditions I had been dealing with for the past two and a half years was psoriasis, and the only thing that gave me relief was a biofeedback device, I thought "Woo Hoo" to myself and immediately applied. That was in February 2011. Within a couple of weeks on AIM the swelling and itching had almost disappeared, and over the course of the next 14-15 months, all of the scaly spots went away and the scarring has pretty much faded into nonexistence as well.

Although the psoriasis is no longer part of my life, many other areas of my life have shifted. I also credit the energetic balancing received and maintained by participating in AIM with the vibrant well being I experience on a daily basis. I never get colds or anything that seems to be going around, heal with what

seems to be an amazing speed when I injure myself, and overall just feel happy and energetic and eager to meet each day. The back pain that had been a constant companion for decades has departed, I am certainly more self-assured and confident and seem to have "found my voice" so to say (pun intended). AIM? Likely a big part of it, at least in my mind. I am self-employed and have chosen to forgo expensive health insurance that I am unlikely to use and consider my continued participation in the AIM Program the best health (or continued wellness) insurance out there. I can say that overall I feel younger and experience less pain in every area of my body than I did 3 years ago, due in large part I think to the AIM Program and the clearing of non-useful energy frequencies and plan to continue with EMC² and their program as far into the future as I can see.
