Newly Revealed Hereditary Frequency Update

As of February 06, 2014

This week there were three new Hereditary frequencies revealed to us.

The first new Hereditary frequency 7947 was revealed to us and added to the AIM Program on February 3, 2014. This frequency is believed to function within the energetic orbs of the Skin, Lungs and Respiratory System. It may manifest itself through the unresolved emotional etiologic frequency of: Over Activity and or Indulgence. At this time we are not sure how common this will be among AIM Participants.

The second new Hereditary frequency 7957 was revealed to us and added to the AIM Program on February 3, 2014. This frequency is believed to function within the energetic orbs of the Brain, Heart, Lungs and Respiratory System. It may manifest itself through the unresolved emotional etiologic frequency of: Impatience. At this time we are not sure how common this will be among AIM Participants.

The third new Hereditary frequency 7967 was revealed to us and added to the AIM Program on February 4, 2014. This frequency is believed to function within the energetic orbs of the Circulation, Skin, Low Back and Hip Joints. It may manifest itself through the unresolved emotional etiologic frequency of: Obstancy. At this time we are not sure how common this will be among AIM Participants.

Here is the update on past frequencies that were revealed and added to the AIM Program last week:

7926, 7936, 7946, 7956 & 7966 We believe have balanced in all those AIM Participants who were clearing them.

7917, 7927 & 7937 We believe will balance in all those AIM Participants who are clearing them by the end of this weekend.

Regarding the frequencies that have cleared, we clarify: "We cannot say with certainty or accuracy that they have cleared in all, because we cannot check all. Additionally, some heal more slowly because of underlying energetic weakness, such as the frequency of parasites."

REMINDER: Although the frequencies have balanced in those who are positive for them, we may have to allow

our physical being to strengthen to notice the positive effects.

For more information on the latest frequencies you can listen to the Everything is Energy Show every Thursday morning from 9-10 AM (Pacific). (See the listing in [Events](#).)

Helen from Florida

My first night & day on the AIM Program I was buzzing all over with energy & well being. I had to make myself lie down after working 12 hours overnight and running errands all that morning. At that point I had been up for about 30 hours. My metabolism for the first 3 days was so high, I had to eat every 2 hours but when I weighed myself,

I had lost 2 pounds. I have been an emotional eater for years but within days on the AIM program I have put my eating habits into perspective effortlessly.

The most fascinating thing is that nothing I do affects my energy level. In the past a full stomach made me feel lethargic for hours but now I can eat a heavy meal, work a 12 hour night shift & keep going as if I just came from a good night's rest. After 6 hours of sleep I find I cannot & do not need any more sleep.

I have practiced transcendental meditation for 15 years (more off than on) & Reiki group meditation, both of which have introduced me to a little piece of heaven on earth, feelings of joy & well being & made me realize what my life would be like if I was consistent daily. I was never consistent due to hectic schedules, forgetfulness of how good it can feel, worries of life & plain laziness. The AIM Program in these 2 weeks has given me all these benefits, every second of every day without me having to even think about it.

Initially I had planned to put my teenage son on the Program in 3 months but I cannot wait that long for him to feel the way I am feeling. I sent in his application yesterday. I am sharing with family, friends & acquaintances who are open minded.

I am wondering, if I can feel this good now, how will I feel in 11 months when my life force reaches 100?

God bless the founders & everybody at EMC² & the AIM Program for dedicating their lives & knowledge to share these with all of us.
