Everything is Energy Show Topics for Episode #422 02/13/14:

- If someone new to AIM has an imbalance recently revealed and added to AIM; they will detox it when they get to it as they self-heal other layers of imbalances. Everyone is unique, and the same imbalance in two people can be of vastly different significance or impact.
- Details of newly revealed Hereditary imbalances added to the AIM database.
- Questions addressed: (1) If Stephen finds some significant "new" acquired imbalance, will he discuss it with us? and (2) What happens to life force the longer someone is off AIM and why?
- The object is to heal every imbalance, whether hereditary or acquired, as soon as possible, and this is why the work of EMC2 is never done.

Newly Revealed Hereditary Frequency Update As of February 13, 2014

This week there were three new Hereditary frequencies revealed to us.

The first new Hereditary frequency 7918 was revealed to us and added to the AIM Program on February 10, 2014. This frequency is believed to function within the energetic orbs of the Lungs, Respiratory System, Muscles and Joints. It may manifest itself through the unresolved emotional etiologic frequency of: Moodiness.

At this time we are not sure how common this will be among AIM Participants.

The second new Hereditary frequency 7928 was revealed to us and added to the AIM Program on February 11, 2014. This frequency is believed to function within the energetic orbs of the Skin, Brain, Heart, Muscles and Joints. It may manifest itself through the unresolved emotional etiologic frequency of: Dissatisfaction. At this time we are not sure how common this will be among AIM Participants.

The third new Hereditary frequency 7938 was revealed to us and added to the AIM Program on February 11, 2014. This frequency is believed to function within the energetic orbs of the Muscles, Joints, Digestive Tract, Bladder, Urinary Tract, Brain and Liver. It may manifest itself through the unresolved emotional etiologic frequency of: Anger. At this time we are not sure how common this will be among AIM Participants.

Here is the update on past frequencies that were revealed and added to the AIM Program last week:

7947, 7957 & 7967 We believe have balanced in all those AIM Participants who were clearing them.

Regarding the frequencies that have cleared, we clarify: "We cannot say with certainty or accuracy that they have cleared in all, because we cannot check all. Additionally, some heal more slowly because of underlying energetic weakness, such as the frequency of parasites."

REMINDER: Although the frequencies have balanced in those who are positive for them, we may have to allow our physical being to strengthen to notice the positive effects.

Helen from Kentucky

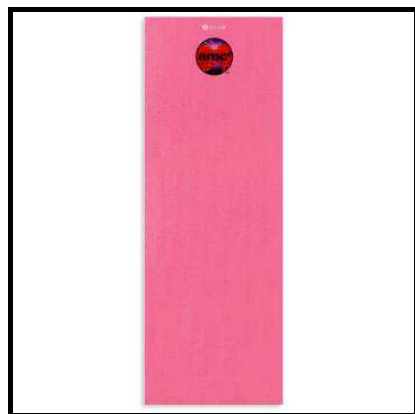

Since participating in the self-healing Program of AIM I am feeling so much better about things. I am taking responsibility for my own choices/creations. I feel like I have more energy. My diet is even changing. My body wants fruit and veggies. I feel braver, bolder, like I want to go out and meet life head on where until now I had that desire, but didn't feel I had the energy to actually follow through. I want to be good to myself now. I am letting love in. I am allowing. I've been on an emotional roller coaster lately, but through the process I have released a lot of negative emotion, and that is good! The AIM Program has made it possible for me to let myself be more aware. I feel the connectedness of all things at a new level. I glanced at the TV yesterday and there were three men talking about sports...the first thing I saw was their oneness...I could have cried. A shift has occurred and it's glorious. For the first time in my life I feel like I am in control...that I am the creator of my life. What I've been wanting for the past 16 years, was piled up outside my door all this time and AIM has given me the tools to open that door! I believe it's the greatest tool we have today for self-healing and reaching our highest potential. There is nothing else like it.

In addition I have had this spot of really dry skin on my lower back. It has grown in since over the years. I've had it for about 16 years now. A doctor just called it really bad dry skin because she wasn't sure what it was. Nothing would get rid of it. It didn't bother me too much but I noticed a week ago it was almost gone..now it IS gone! I mean even the redness under the layers of dryness is GONE! I have beautiful clear skin there now!!!

I have waited to tell this because I wanted to be sure it didn't come back and I wanted someone else to look at it for me. I am just AMAZED that I've self-healed my skin after trying so many things! Woohoo! I even had my son look at my back this morning just to see if he could find any signs of it and he said there is not one red spot or dry skin anywhere! I could not have done it without AIM or I would have done it a long time ago. 16 Years is a long time to have a skin rash!
