**Newly Revealed Hereditary Frequency Update
As of February 20, 2014**

This week there were six new Hereditary frequencies revealed to us.

The first new Hereditary frequency 7948 was revealed to us and added to the AIM Program on February 17, 2014. This frequency is believed to function within the energetic orbs of the Lungs, Respiratory System and Digestive Tract. It may manifest itself through the unresolved emotional etiologic frequency of: Over Aggressiveness. At this time we are not sure how common this will be among AIM Participants.

The second new Hereditary frequency 7958 was revealed to us and added to the AIM Program on February 17, 2014. This frequency is believed to function within the energetic orb of the Skin. It may manifest itself through the unresolved emotional etiologic frequency of: Depression. At this time we are not sure how common this will be among AIM Participants.

The third new Hereditary frequency 7968 was revealed to us and added to the AIM Program on February 17, 2014. This frequency is believed to function within the energetic orbs of the Kidneys, Bladder, Urinary Tract, Low Back, Spine (causing Stiff Neck), Heart, Lungs and Respiratory System. It may manifest itself through the unresolved emotional etiologic frequency of: Dissatisfaction. At this time we are not sure how common this will be among AIM Participants.

The fourth new Hereditary frequency 8011 was revealed to us and added to the AIM Program on February 17, 2014. This frequency is believed to function within the energetic orbs of the Throat, Circulation, Lungs and Respiratory System. It may manifest itself through the unresolved emotional etiologic frequency of: Embitteredness. At this time we are not sure how common this will be among AIM Participants.

The fifth new Hereditary frequency 8021 was revealed to us and added to the AIM Program on February 20, 2014. This frequency is believed to function within the energetic orbs of the Nose, Sinuses, Muscles, Joints, Lungs and Respiratory System. It may manifest itself through the unresolved emotional etiologic frequency of: Hostility. At this time we are not sure how common this will be among AIM Participants.

The sixth new Hereditary frequency 8031 was revealed to us and added to the AIM Program on February 20, 2014. This frequency is believed to function within the energetic orbs of the Lungs, Respiratory System, Heart, Muscles and Joints. It may manifest itself through the unresolved emotional etiologic frequency of:

Dissatisfaction. At this time we are not sure how common this will be among AIM Participants.

Here is the update on past frequencies that were revealed and added to the AIM Program last week:

7918, 7928 & 7938 We believe have balanced in all those AIM Participants who were clearing them.

Regarding the frequencies that have cleared, we clarify: "We cannot say with certainty or accuracy that they have cleared in all, because we cannot check all. Additionally, some heal more slowly because of underlying energetic weakness, such as the frequency of parasites."

REMINDER: Although the frequencies have balanced in those who are positive for them, we may have to allow our physical being to strengthen to notice the positive effects.

Eileen from Nevada

I had experienced dietary issues most of my life, but from young adulthood, ingesting one succulent morsel of lobster resulted in a violent allergic reaction that took me days from which to recover.

Also, somewhere along the way, I became increasingly intolerant of beef, unable to digest it properly. After a while this became the case with eating most meat (except chicken, turkey and fish). Both of these conditions persisted throughout my life.

While undergoing an energetic evaluation, it was revealed to EMC² that a subtle-energy frequency of a hereditary imbalance in me was manifesting as a virus and was not in the database. Approximately 4 months later, when I had self-healed that imbalance, I found that the allergy and intolerance were also gone. I could eat anything I wanted with no discomfort or allergic reaction whatsoever!!

What a Blessing! My own private little (huge, actually) miracle! One of many miraculous events which I have experienced in my 5½ years as an AIM Program participant. My Life is so full and abundant. Each day is lived and savored in profound gratitude.
