Happy Birthday Albert Einstein!

Friday, March 14, 2014

EMC² observes Einstein's birthday as a religious holiday. He was born on March 14, 1879 and died April 18, 1955 at 76 years old. 2014 marks 135 years since his birth.

Einstein wasn't "just a scientist." He was a great spiritual thinker whose insights, inspirations and revelations showed us another view of how everything in the universe is one thing via his Special Theory of Relativity, usually represented as the formula $E=mc^2$.

His insights were so powerful that they were used -- and are still used today -- to literally tear the fabric of the physical universe apart. They call this "splitting the atom" and it has been used to generate electricity and to generate incomprehensible explosive force.

Later in his life, Einstein regretted having shared so much of his vision. He had no idea at the time how unfit we all were for this level of knowledge and power.

Perhaps a few minutes of meditation would be appropriate upon awakening on March 14. Do it with open eyes and simply observe everything around you, including your breath and your thoughts and every visible and invisible thing in your sphere of consciousness. Reflect on the reality that none of these are separate from the other. They are all part of the one Energy that is the universe.

Here are a few quotes from Albert Einstein:

"To know that what is impenetrable to us really exists, manifesting itself as the highest wisdom and most radiant beauty which our dull faculties can comprehend only in their most primitive forms -- this knowledge, this feeling, is at the center of true religiousness. In this sense, and in this sense only, I belong to the ranks of devoutly religious men."

"Quantum mechanics is very impressive. But an inner voice tells me that it is not yet the real thing. The theory produces a good deal but hardly brings us closer to the secret of the Old One. I am at all events convinced that He does not play dice."

"Science without religion is lame. Religion without science is blind."

"There are only two ways to live your life. One is as though nothing is a miracle. The other is as though everything is a miracle."

Newly Revealed Hereditary Frequency Update As of March 12, 2014

This week there were five new Hereditary frequencies revealed to us.

The first new Hereditary frequency 8042 was revealed to us and added to the AIM Program on March 10, 2014. This frequency is believed to function within the energetic orbs of the Bladder, Urinary Tract, and Kidneys. It may manifest itself through the unresolved emotional etiologic frequency of: Depression. At this time we are not sure how common this will be among AIM Participants.

The second new Hereditary frequency 8052 was revealed to us and added to the AIM Program on March 10, 2014. This frequency is believed to function within the energetic orb of the Brain. It may manifest itself through the unresolved emotional etiologic frequency of: Anxiety. At this time we are not sure how common this will be among AIM Participants.

The third new Hereditary frequency 8062 was revealed to us and added to the AIM Program on March 10, 2014. This frequency is believed to function within the energetic orbs of the Skin, Lungs and Respiratory System. It may manifest itself through the unresolved emotional etiologic frequency of: Jealousy. At this time we are not sure how common this will be among AIM Participants.

The fourth new Hereditary frequency 8013 was revealed to us and added to the AIM Program on March 10, 2014. This frequency is believed to function within the energetic orbs of the Skin, Muscles, Joints, Spine and Brain. It may manifest itself through the unresolved emotional etiologic frequency of: Moodiness. At this time we are not sure how common this will be among AIM Participants.

The fifth new Hereditary frequency 8023 was revealed to us and added to the AIM Program on March 10, 2014. This frequency is believed to function within the energetic orbs of the Kidneys, Bladder, Urinary Tract, Lungs, Respiratory System, Muscles, Joints, and Heart. It may manifest itself through the unresolved emotional etiologic frequency of: Impatience. At this time we are not sure how common this will be among AIM Participants.

Here is the update on past frequencies that were revealed and added to the AIM Program last week:

8012 & 8022 We believe have balanced in all those AIM Participants who were clearing them.

8032 We believe will balance in all those AIM Participants who are clearing it by the end of this weekend.

Regarding the frequencies that have cleared, we clarify: "We cannot say with certainty or accuracy that they have cleared in all, because we cannot check all. Additionally, some heal more slowly because of underlying energetic weakness, such as the frequency of parasites."

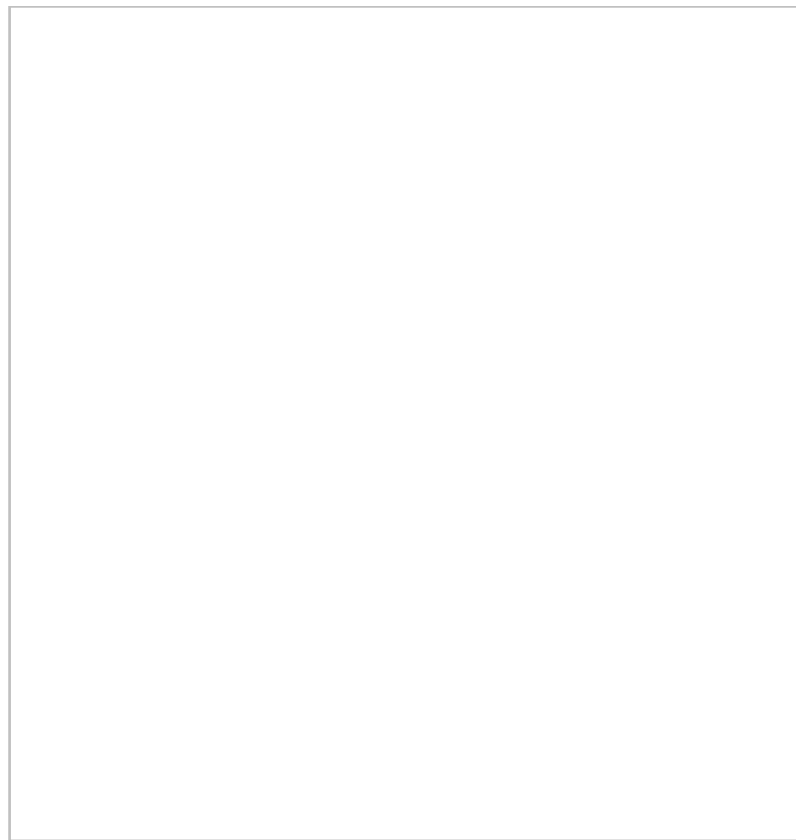

REMINDER: Although the frequencies have balanced in those who are positive for them, we may have to allow our physical being to strengthen to notice the positive effects.

For more information on the latest frequencies you can listen to the Everything is Energy Show every Thursday morning from 9-10 AM (Pacific). (See the listing in [Events](#).)

Ana from California

The best thing that has happened in my life, after being a mother, is to be part of the AIM Program.

Before participating on AIM, my life was sad and senseless. Physically my body was deteriorating due to disease such as hypoglycemia, hiatal hernia, sciatica, and metabolic system problems along with anxiety and depression. Spiritually, I was lost without any guide, belief or hope of a better future. Emotionally I felt as if I was dead in life.

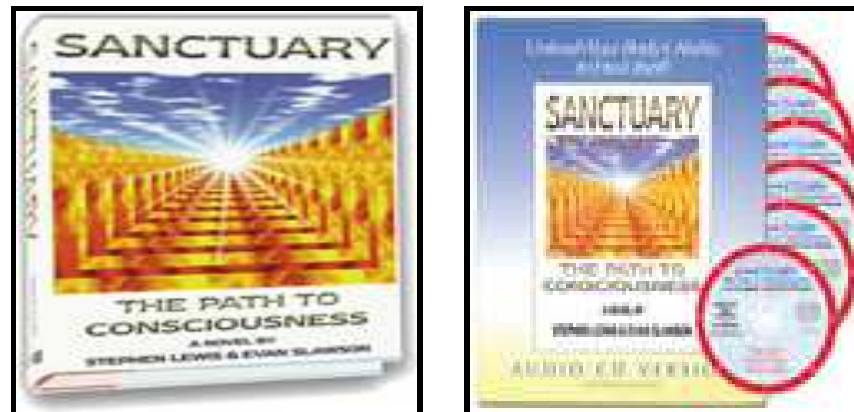

After starting AIM, my life changed as day into night. Physically my body began to self-heal the ailments without any medication. Spiritually, I feel like I found the light in the midst of darkness and no longer feel alone. I now have hopes of better things in my life. Emotionally, I feel like I am waking from a long dream in which I was just a

spectator.

My self-healing through the AIM Program has helped me understand that I am responsible for everything that I have or do not have in my life. My self-healing has taught me to enjoy each day of my life and to appreciate how lucky and blessed I am to be one of the people who can sincerely say "I FEEL ALIVE". I thank EMC² with deep gratitude for the AIM Program and for giving me the opportunity to enjoy playing the game of life with more miracles to come.
