Everything is Energy Show Topics for Episode #428 03/27/14:

- What matters isn't how long you've been on AIM but how completely you have detoxed.
- Stephen suspects there is something in people that creates imbalances or attracts issues until they reach a point when they're ready to stop.
- Details of newly revealed Hereditary imbalances added to the AIM database.
- Participants on AIM "long enough" rapidly heal any of these newly added frequencies they may have because of both a much greater life force than when they began on AIM and because the closer we get to the bottom, the less we have to move through.
- Stephen believes we are getting to fundamental, core questions about our existence, how we came to be and where we are going.
- Discussion of healing and structural issues.

Newly Revealed Hereditary Frequency Update As of March 27, 2014

This week there were three new Hereditary frequencies revealed to us.

The first new Hereditary frequency 8024 was revealed to us and added to the AIM Program on March 24, 2014. This frequency is believed to function within the energetic orbs of the Muscles, Joints, Heart, Lungs and Respiratory System. It may manifest itself through the unresolved emotional etiologic frequency of: Resentment.

At this time we are not sure how common this will be among AIM Participants.

The second new Hereditary frequency 8034 was revealed to us and added to the AIM Program on March 25, 2014. This frequency is believed to function within the energetic orbs of the Skin, Muscles, Joints, Lungs and Respiratory System. It may manifest itself through the unresolved emotional etiologic frequency of: Hypersensitivity.

At this time we are not sure how common this will be among AIM Participants.

The third new Hereditary frequency 8044 was revealed to us and added to the AIM Program on March 27, 2014. This frequency is believed to function within the energetic orb of the Brain. It may manifest itself through the

unresolved emotional etiologic frequency of: Withdrawal.

At this time we are not sure how common this will be among AIM Participants.

Here is the update on past frequencies that were revealed and added to the AIM Program last week:

8033, 8043, 8053 & 8063 We believe have balanced in all those AIM Participants who were clearing them.

8014 We believe will balance in all those AIM Participants who are clearing it by the end of this weekend.

Regarding the frequencies that have cleared, we clarify: "We cannot say with certainty or accuracy that they have cleared in all, because we cannot check all. Additionally, some heal more slowly because of underlying energetic weakness, such as the frequency of parasites."

REMINDER: Although the frequencies have balanced in those who are positive for them, we may have to allow our physical being to strengthen to notice the positive effects.

[Quote for the Week](#)

"A human being is a part of the whole called by us universe, a part limited in time and space. He experiences himself, his thoughts and feelings, as something separated from the rest, a kind of optical delusion of his consciousness. This delusion is a kind of prison for us, restricting us to our personal desires and to affection for a few persons nearest to us. Our task must be to free ourselves from this prison by widening our circle of compassion to embrace all living creatures and the whole of nature in its beauty.- Letter of 1950. As quoted in The New York Times, March 29th 1972".

Jean from Spain

For the first time in many years I feel really well all over! I joined The AIM Program in December 2008 (5 months ago) - previous to that, for 25 years I suffered ongoing pain due to a lower back weakness from a serious horse-riding accident. Since that accident, although I've received chiropractic every few weeks for maintenance to my back, I could always feel when my next visit was about due. Now the periods between my visits are longer and I'm told my back is getting stronger - for sure I don't have pain now.

My energy levels are at an all-time high too; these days I easily get up early and can keep going all day and evening without hardly needing to stop - often I'm still awake and active late into the evening my creativity is especially high nowadays.

I've just remembered something - I don't get migraines any more - the bane of my life! Also, my thinking is clearer and my memory sharper.

Instead of looking at getting older with an element of trepidation (I'm now 60) I'm really excited about my future and fully expect to live for another 60 years with excellent health! I have recommended The AIM Program to friends and they are already starting to report big improvements to their general well-being too. I cannot thank the AIM team enough for their ministry, care and attention.
