Newly Revealed Hereditary Frequency Update

As of April 03, 2014

This week there were three new Hereditary frequencies revealed to us.

The first new Hereditary frequency 8054 was revealed to us and added to the AIM Program on March 31, 2014. This frequency is believed to function within the energetic orbs of the Muscles, Joints, Heart, Lungs, Respiratory System, Skin and Breast.

It may manifest itself through the unresolved emotional etiologic frequency of: Dissatisfaction.

The second new Hereditary frequency 8064 was revealed to us and added to the AIM Program on April 2, 2014. This frequency is believed to function within the energetic orbs of the Skin, Nails, Low Back, Hip Joints, Lungs and Respiratory System.

It may manifest itself through the unresolved emotional etiologic frequency of: Depression.

The third new Hereditary frequency 8015 was revealed to us and added to the AIM Program on April 3, 2014. This frequency is believed to function within the energetic orbs of the Brain, Liver, Lungs, Respiratory System, Urinary Tract, Penis and Scrotum.

It may manifest itself through the unresolved emotional etiologic frequency of: Impatience.

Here is the update on past frequencies that were revealed and added to the AIM Program last week:

8024 & 8034 We believe have balanced in all those AIM Participants who were clearing them.

8044 We believe will balance in all those AIM Participants who are clearing it by the end of this weekend.

Regarding the frequencies that have cleared, we clarify: "We cannot say with certainty or accuracy that they have cleared in all, because we cannot check all. Additionally, some heal more slowly because of underlying energetic weakness, such as the frequency of parasites."

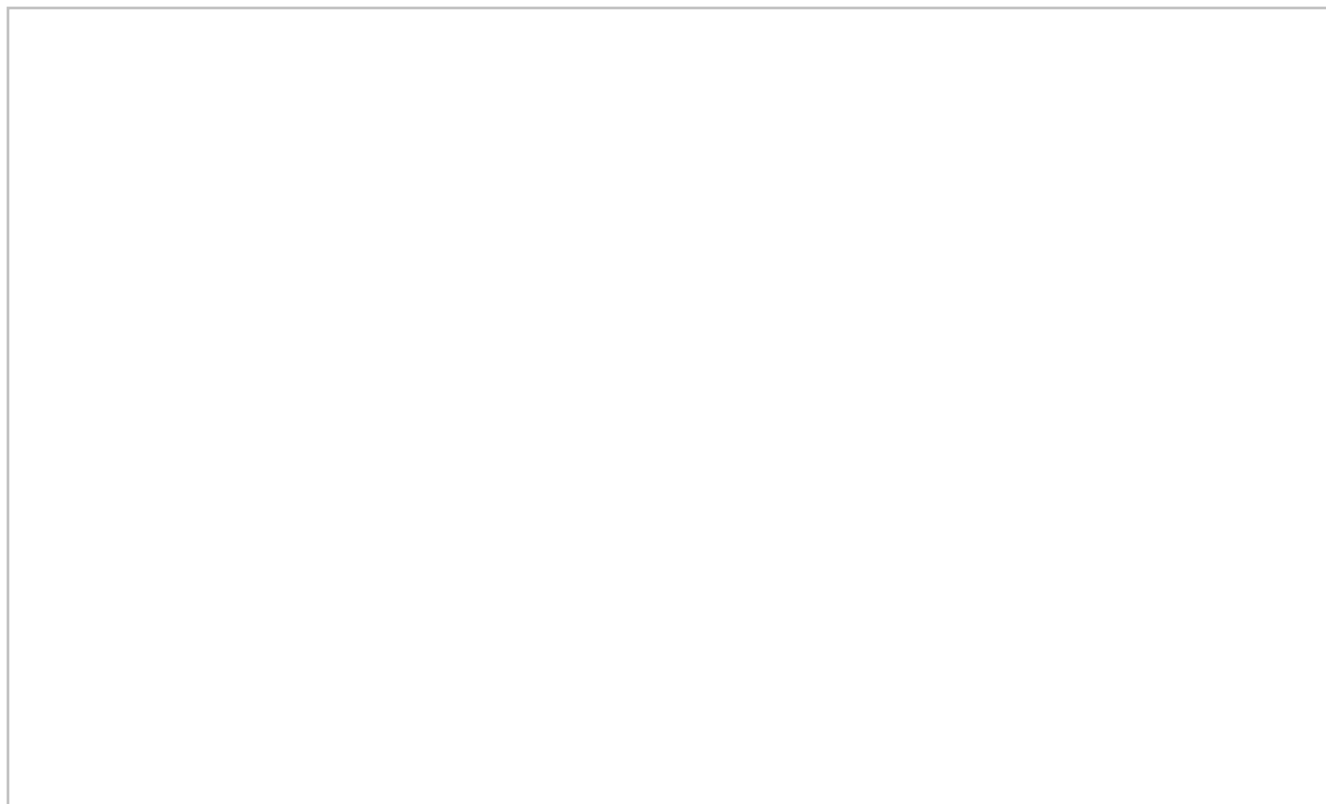

REMINDER: Although the frequencies have balanced in those who are positive for them, we may have to allow our physical being to strengthen to notice the positive effects.

For more information on the latest frequencies you can listen to the Everything is Energy Show every Thursday morning from 9-10 AM (Pacific). (See the listing in [Events](#).)

Richard from Kentucky

The email reminded me to give you an update on Richard. Since joining the AIM Program his self-healing has allowed him to get better and better. It is truly amazing. He no longer has bionic hearing, his hearing is as normal as the next person, and as a result he is less anxious from the constant irritation on hearing all sounds at the same volume. He is forming friendships like never before, true friendships, with the old ladies and men in his senior citizens building, where he engages in a way like never before. He starts conversations with, 'How

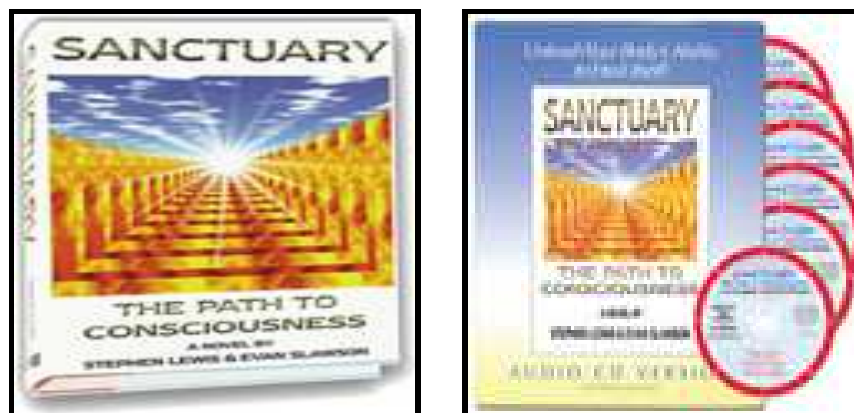

was your day?' and he stops to listen for the answer, instead of blurting out what he wants from anyone willing to listen.

Last weekend, I had him get a massage, in lieu of taking arthritis medication (a compromise with his doctor). We have tried this in the past, but he could not stand being touched. This time he soaked up the relaxation just like anyone else would, without jumping off the table.

Thank you to the folks at EMC² for their continued support of Richard. It is truly amazing and a great joy watching his self-healing progress unfold.
