Newly Revealed Hereditary Frequency Update As of April 10, 2014

This week there were five new Hereditary frequencies revealed to us.

The first new Hereditary frequency 8025 was revealed to us and added to the AIM Program on April 7, 2014. This frequency is believed to function within the energetic orbs of the Heart, Muscles, Joints, Lungs and Respiratory System.

It may manifest itself through the unresolved emotional etiologic frequency of: Jealousy.

The second new Hereditary frequency 8035 was revealed to us and added to the AIM Program on April 7, 2014. This frequency is believed to function within the energetic orbs of the Skin, Muscles, Joints, Spine and Brain. It may manifest itself through the unresolved emotional etiologic frequency of: Depression.

The third new Hereditary frequency 8045 was revealed to us and added to the AIM Program on April 7, 2014. This frequency is believed to function within the energetic orbs of the: Muscles, Joints, Lungs and Respiratory System.

It may manifest itself through the unresolved emotional etiologic frequency of: Aggravation.

The fourth new Hereditary frequency 8055 was revealed to us and added to the AIM Program on April 8, 2014. This frequency is believed to function within the energetic orbs of the: Skin, Brain, Central Nervous System, Bloodstream, Circulation, Gastrointestinal Tract and Digestive Tract.

It may manifest itself through the unresolved emotional etiologic frequency of: Moodiness

The fifth new Hereditary frequency 8016 was revealed to us and added to the AIM Program on April 10, 2014. This frequency is believed to function within the energetic orbs of the: Skin, Kidneys, Urinary Tract, Lungs and Respiratory System.

It may manifest itself through the unresolved emotional etiologic frequency of: Irritability.

Here is the update on past frequencies that were revealed and added to the AIM Program last week:

8054 & 8015 We believe have balanced in all those AIM Participants who were clearing them.

8064 We believe will balance in all those AIM Participants who are clearing it by the end of this weekend.

Regarding the frequencies that have cleared, we clarify: "We cannot say with certainty or accuracy that they have cleared in all, because we cannot check all. Additionally, some heal more slowly because of underlying energetic weakness, such as the frequency of parasites."

REMINDER: Although the frequencies have balanced in those who are positive for them, we may have to allow our physical being to strengthen to notice the positive effects.

Helen from Florida

My first night and day on the AIM Program I was buzzing all over with energy and well being. I had to make myself lie down after working 12 hours overnight and running errands all that morning. At that point I had been up for about 30 hours. My metabolism for the first 3 days was so high, I had to eat every 2 hours but when I weighed myself, I had lost 2 pounds. I have been an emotional eater for years but within days on the AIM

program I have put my eating habits into perspective effortlessly.

The most fascinating thing is that nothing I do affects my energy level. In the past a full stomach made me feel lethargic for hours but now I can eat a heavy meal, work a 12 hour night shift and keep going as if I just came from a good night's rest. After 6 hours of sleep I find I cannot and do not need any more sleep.

I have practiced transcendental meditation for 15 years (more off than on) and Reiki group meditation, both of which have introduced me to a little piece of heaven on earth, feelings of joy and well being and made me realize what my life would be like if I was consistent daily. I was never consistent due to hectic schedules, forgetfulness of how good it can feel, worries of life and plain laziness. The AIM Program in these 2 weeks has given me all these benefits, every second of every day without me having to even think about it.

Initially I had planned to put my teenage son on the Program in 3 months but I cannot wait that long for him to feel the way I am feeling. I sent in his application yesterday. I am sharing with family, friends and acquaintances who are open minded.

I am wondering, if I can feel this good now, how will I feel in 11 months when my life force reaches 100?

God bless the founders and everybody at EMC² and the AIM Program for dedicating their lives and knowledge to share these with all of us.
