### ***Everything is Energy Show Topics for Episode #431 04/17/14:***

- Details of newly revealed Hereditary imbalances added to the AIM database.
- More noticeable signs of clearing frequencies as we get closer to being "imbalance-free"? In Stephen's case, yes!
- Many things that these newly revealed frequencies are similar to are commonly associated with aging.
- Origins and impact of the frequency of immune deficiency.
- Biological age: some participants now at 20, most just coming on AIM are in the high 90s.
- Valuable online tool for participants and researchers: AIM Testimonials and the extensive, easy-to-use search function, available on aimprogram.com and on all Facilitator websites.
- From Sanctuary, page 158 (Max Speaks): "What responsibility means is being your own guru. We can only help you find the way. Any healing, any progress, any hope, and any despair is going to come from you. It is your energy that matters. I can't give you my energy, and I wouldn't dream of it. I need it for me. But I can help you find your energy. I'm obligated to help you find it, in any way I can."
- Stephen feels blessed that this is his purpose, his passion.

## Newly Revealed Hereditary Frequency Update As of April 17, 2014

**This week there were three new Hereditary frequencies revealed to us.**

The first new Hereditary frequency 8026 was revealed to us and added to the AIM Program on April 15, 2014. This frequency is believed to function within the energetic orbs of the Skin, Heart, Muscles, Joints, Lungs and Respiratory System.

It may manifest itself through the unresolved emotional etiologic frequency of: Intolerance.

The second new Hereditary frequency 8036 was revealed to us and added to the AIM Program on April 15, 2014. This frequency is believed to function within the energetic orbs of the Central Nervous System, Brain, Bloodstream and Circulation.

It may manifest itself through the unresolved emotional etiologic frequency of: Curtness.

The third new Hereditary frequency 8046 was revealed to us and added to the AIM Program on April 16, 2014. This frequency is believed to function within the energetic orbs of the Bloodstream, Circulation, Lungs and

Respiratory System.

It may manifest itself through the unresolved emotional etiologic frequency of: Disappointment.

**Here is the update on past frequencies that were revealed and added to the AIM Program last week:**

8025, 8035, 8045 & 8055 We believe have balanced in all those AIM Participants who were clearing them.

8016 We believe will balance in all those AIM Participants who are clearing it by the end of this weekend.

Regarding the frequencies that have cleared, we clarify: "We cannot say with certainty or accuracy that they have cleared in all, because we cannot check all. Additionally, some heal more slowly because of underlying energetic weakness, such as the frequency of parasites."

**REMINDER:** Although the frequencies have balanced in those who are positive for them, we may have to allow our physical being to strengthen to notice the positive effects.

### Myra from Texas

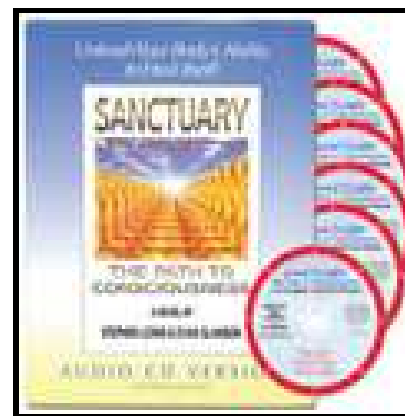

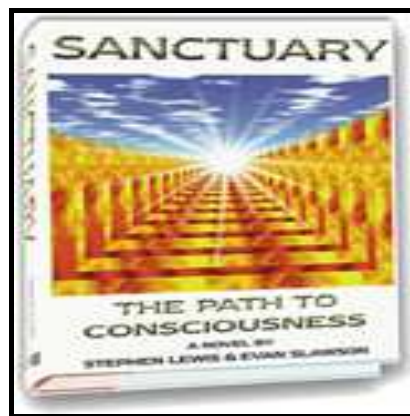

"In 1970 I started out with problems with my heart, but Heart Specialists couldn't tell me what the problem was. So, over the next few years, my health continued to get worse and worse. I had Fibromyalgia, Atrial Fibrillation in the heart. I had a great deal of nerve damage all over my body, which was causing a tremendous amount of pain. The Fibromyalgia was causing muscle spasms that were very severe. My toes would curl up under my feet and I could barely walk. I had accumulated about 17 illnesses at that point, when I got on The AIM Program. So, it's been a miracle to go from being almost dead a year and a half ago to being alive again, and I'm so grateful to AIM for that."
