Everything is Energy Show Topics for Episode #435 05/15/14:

- Stephen chooses to share things with us as he finds them, whether or not the meanings of the findings have all been revealed. He'd rather be viewed as "stumbling" than pretending to be perfect or to have all the answers. This sharing is to help people better understand how they may be experiencing their own unique healing process.
- Newly revealed Hereditary imbalances added to the AIM database; yes, Stephen's imbalance-free status has changed.
- Frequency of immune deficiency will likely make some issues more prevalent in the near future, regardless of one's age.
- Discussed some "dominant" Hereditary frequencies, how they create weak areas in which acquired imbalances can settle, and one in particular that's energetically associated with addictive behavior, Alzheimer's and Parkinson's.
- Vast majority of frequencies are still of the "ricketsial" classification (remember the Glossary available on all our web sites).
- Continuing expansion of AIM and benefits of remaining on: frequency of MERS has been identified, related balancing energies now in the AIM database.
- For next week: a little "Sanctuary history" and discussion of "finding what's right" as written about on pages 142-144.

Newly Revealed Hereditary Frequency Update As of May 15, 2014

This week there were four new Hereditary frequencies revealed to us.

The first new Hereditary frequency 8027 was revealed to us and added to the AIM Program on May 12, 2014. This frequency is believed to function within the energetic orbs of the Bladder, Kidneys, Urinary Tract, Prostate, Lymph Glands, Lungs and Respiratory System.

It may manifest itself through the unresolved emotional etiologic frequency of: Withdrawal.

The second new Hereditary frequency 8037 was revealed to us and added to the AIM Program on May 12,

2014. This frequency is believed to function within the energetic orbs of the Bloodstream, Circulatory System, Skin and Brain.

It may manifest itself through the unresolved emotional etiologic frequencies of: Guilt and Frustration.

The third new Hereditary frequency 8047 was revealed to us and added to the AIM Program on May 13, 2014. This frequency is believed to function within the energetic orbs of the Bloodstream, Circulatory System, Heart, Muscles, Joints, Lungs and Respiratory System.

It may manifest itself through the unresolved emotional etiologic frequency of: Impatience.

The fourth new Hereditary frequency 8057 was revealed to us and added to the AIM Program on May 13, 2014. This frequency is believed to function within the energetic orbs of the Skin, Mouth and Lymph Glands.

It may manifest itself through the unresolved emotional etiologic frequency of: Dissatisfaction.

Here is the update on past frequencies that were revealed and added to the AIM Program last week:

8017 We believe has balanced in all those AIM Participants who were clearing it.

Regarding the frequencies that have cleared, we clarify: "We cannot say with certainty or accuracy that they have cleared in all, because we cannot check all. Additionally, some heal more slowly because of underlying energetic weakness, such as the frequency of parasites."

REMINDER: Although the frequencies have balanced in those who are positive for them, we may have to allow our physical being to strengthen to notice the positive effects.

For more information on the latest frequencies you can listen to the Everything is Energy Show every Thursday morning from 9-10 AM (Pacific). (See the listing in [Events](#).)

Allan from Canada

Thank you from the bottom of my heart for The AIM Program. I have been on AIM for almost 2 years and I have found that my seasonal allergies are almost completely gone. This year I only had 3 to 4 days of sneezing compared to 3 weeks the year before and 2 months the year before that. Something that totally took me by surprise is that recently I went into a pharmacy to purchase something for my wife and realized it was the first time since summer 2005 that I went shopping in a drug store. Because of a sense of well being, I slowly stopped taking pills for all kinds of things such as headaches, allergies, stomach upset, congestion, etc. Last year I put my dog on for 6 months and the daily seizures that he was having almost completely disappeared (with the exception of a mild one several months apart). My only regret is having waited so long to find you.
