Everything is Energy Show Topics for Episode #441 06/26/2014:

- Newly revealed Hereditary imbalances added to the AIM database.
- Potential energetic orbs impacted by frequencies similar in nature to "STR&P" (lots of them): throat, sinuses, joints and heart, the latter often resulting in restless sleep, dreaming, waking up a lot.
- Meditation and how the practice of it can be positively impacted as we heal negative imbalances as we are also healing emotionally and mentally.
- Enhancing frequencies can assist in quieting the mind and feeling connected, too.
- Recommended, on all websites, in "Resources" section: our Meditation to Enhance AIM page.

Newly Revealed Hereditary Frequency Update As of June 26, 2014

This week there were five new Hereditary frequencies revealed to us.

The first new Hereditary frequency 8142 was revealed to us and added to the AIM Program on June 19, 2014. This frequency is believed to function within the energetic orbs of the Lungs, Respiratory System, Heart, Muscles and Joints.

It may manifest itself through the unresolved emotional etiologic frequency of: Despondent.

The second new Hereditary frequency 8152 was revealed to us and added to the AIM Program on June 23, 2014. This frequency is believed to function within the energetic orbs of the Skin, Mouth, Heart, Muscles, Joints, Lungs, Respiratory System, Spine, Brain and Neck.

It may manifest itself through the unresolved emotional etiologic frequencies of: Irritability.

The third new Hereditary frequency 8162 was revealed to us and added to the AIM Program on June 23, 2014. This frequency is believed to function within the energetic orbs of the Heart, Muscles, Joints, Lungs, Respiratory System, Throat, Sinuses, Bladder, Kidneys, Urinary Tract, Low Back and Hip Joints.

It may manifest itself through the unresolved emotional etiologic frequencies of: Indecision.

The fourth new Hereditary frequency 8113 was revealed to us and added to the AIM Program on June 24, 2014. This frequency is believed to function within the energetic orbs of the Entire System and Skin resulting in an itchy rash.

It may manifest itself through the unresolved emotional etiologic frequencies of: Hostility.

The fifth new Hereditary frequency 8123 was revealed to us and added to the AIM Program on June 26, 2014. This frequency is believed to function within the energetic orbs of the Skin, Kidneys, Urinary Tract, Lungs, Respiratory System, Circulation and Blood Stream.

It may manifest itself through the unresolved emotional etiologic frequencies of: Impatience.

Here is the update on past frequencies that were revealed and added to the AIM Program last week:

8122 & 8132 We believe have balanced in all those AIM Participants who were clearing them.

Regarding the frequencies that have cleared, we clarify: "We cannot say with certainty or accuracy that they have cleared in all, because we cannot check all. Additionally, some heal more slowly because of underlying

energetic weakness, such as the frequency of parasites."

REMINDER: Although the frequencies have balanced in those who are positive for them, we may have to allow our physical being to strengthen to notice the positive effects.

Jo from Minnesota

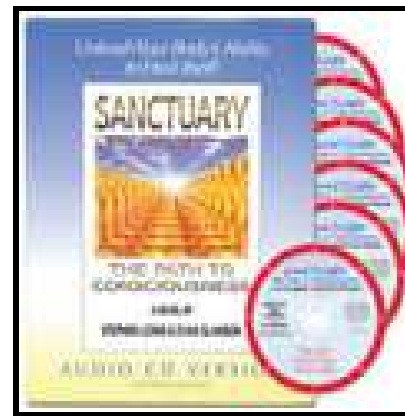

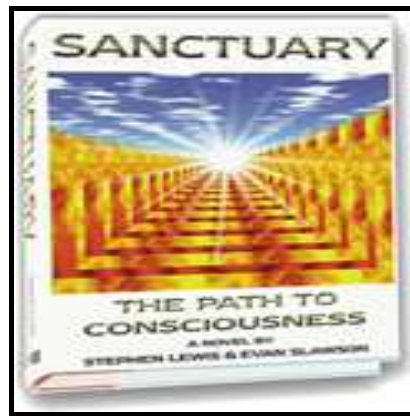

When I was told I had a brain tumor I only felt silence. Emptiness. Disbelief. My mind, especially in its new low

functioning state, couldn't seem to react. The words were only an echo, some kind of crazy dream, not real. I say, "This really sucks!" The doctor agrees, "Yes, it does, and now we have to figure out what to do about it." Which means another doctor to meet more tests and another surgery. This time I was sure I wouldn't make it through. But I am amazed, I was still peaceful. Not afraid. I had the brain tumor removed. It was a benign meningioma- but very large, 6 cm, and was an 8 and 1/2 hour surgery. When I woke up from the surgery, I was surprised. Imagine, still alive! Wow! Now just get these tubes out of my nose and throat so I can breathe. Gratitude, peace, love. So many things to be grateful for. The wonderful doctors. Beautiful Hospital. Love and care at the rehab center.

I have been on The AIM Program for 1-1/2 years. I knew from the start that it was an important part of my self-healing, but on an intuitive level. Now I have experienced how energetic balancing has helped me heal myself. To have remained balanced, peaceful, and at ease through this whole process is a miracle for me. When I talked to my facilitator about this marathon healing journey, I was reminded that self-healing comes with self-awareness. The whole experience has been a progression piece by piece, one experience leading to another. The timing of each piece perfectly dovetailing with all the other pieces needed to complete the picture, each preparing me to accept what followed, and what I needed to see. I am so grateful for the self-healing opportunities of The AIM Program.
