Events

Everything is Energy Show Topics for Episode #445 07/31/2014:

- Vast improvement in both fur/skin and apparently vision, now that the dog in which frequency 8135 was found has cleared that imbalance.
- We can never know all the ways in which an imbalance, or the healing of it, might impact a given participant; can only attempt to learn all we can.
- Newly revealed Hereditary imbalances added to the AIM database.
- Acquired imbalances: overcoming them versus succumbing; role of life force and related balancing energies constantly being added to AIM; is there a link to still-hidden hereditary imbalances?
- Frequencies similar to various types of Ebola already in the AIM database; Stephen has photos of people recently reported to have it and will check to see if anything "unknown" can be detected.

Stephen's *Everything is Energy Weekly Show*

Thursday, August 07, 2014

9-10 AM (Pacific), 10-11 AM (Mountain), 11 AM-12 PM (Central), 12-1 PM (Eastern)

Please join [Stephen Lewis](#), the developer of the AIM Program of Energetic Balancing and co-author of the novel [Sanctuary: The Path to Consciousness](#) for the latest on newly revealed hereditary imbalances (what they're similar to, how they may manifest, how "rare" or common they may be) and enlightening discussions on Stephen's ever-expanding research and testing techniques and their implications for the comprehensiveness of

the AIM Program and our potential well-being as AIM participants.

Newly Revealed Hereditary Frequency Update As of July 31, 2014

This week there were four new Hereditary frequencies revealed to us.

The first new Hereditary frequency 8116 was revealed to us and added to the AIM Program on July 28, 2014. This frequency is believed to function within the energetic orbs of the Skin, Lungs, Respiratory System, Heart, Muscles, Joints, Spine, Brain, Bladder and Urinary Tract.

It may manifest itself through the unresolved emotional etiologic frequency of: Impatience.

The second new Hereditary frequency 8126 was revealed to us and added to the AIM Program on July 28, 2014. This frequency is believed to function within the energetic orbs of the Low Back and Hip Joints, Lungs, Respiratory System, Muscles, Joints, Bladder and Urinary Tract.

It may manifest itself through the unresolved emotional etiologic frequency of: Worry

The third new Hereditary frequency 8136 was revealed to us and added to the AIM Program on July 31, 2014. This frequency is believed to function within the energetic orbs of the Lungs, Respiratory System, Spine and Brain.

It may manifest itself through the unresolved emotional etiologic frequency of: Dissatisfaction.

The fourth new Hereditary frequency 8146 was revealed to us and added to the AIM Program on July 31, 2014.

This frequency is believed to function within the energetic orbs of Heart, Muscles, Joints, Throat, Sinuses, Spine and Brain.

It may manifest itself through the unresolved emotional etiologic frequency of: Irritability.

Here is the update on past frequencies that were revealed and added to the AIM Program last week:

8115, 8125, 8135 & 8145 We believe have balanced in all those AIM Participants who were clearing them.

8155 We believe will balance in all those AIM Participants who are clearing it by the end of this weekend.

Regarding the frequencies that have cleared, we clarify: "We cannot say with certainty or accuracy that they have cleared in all, because we cannot check all. Additionally, some heal more slowly because of underlying energetic weakness, such as the frequency of parasites."

REMINDER: Although the frequencies have balanced in those who are positive for them, we may have to allow our physical being to strengthen to notice the positive effects.

Jan from Colorado

"You have a rare incurable disease that can cause a severe allergic reaction to almost anything and kill you - you are fifty pounds overweight - your cholesterol levels are too high - if you go into anaphylaxis and you can't get to your EpiPen or to the hospital you will die - you're suffering from anxiety and depression."

These are words and phrases uttered to me from various medical doctors and professionals over the last ten years. My life was irrevocably changed in my mid-thirties when I was diagnosed with a rare disease called Mastocytosis. I have too many mast cells in my body that react with histamine. This wreaks havoc in my body sending me into life threatening allergic reactions.

My whole life changed. I had to quit the restaurant business I so loved. I have a B.A. in Hotel/Restaurant Management. I studied at The Culinary Institute of America in Napa Valley. I was a restaurant person through and through. But stress was one of my biggest triggers and the operating of restaurants reeks of stress.

I gained over forty pounds. My disease became more active. I had more anaphylactic episodes. My self-esteem

plummeted. I had stopped doing all the things I loved, writing and singing being the first creative outlets to go out of my life.

I had my son when I was forty-one. Would he ever know his mother as the vibrant healthy swimmer she once was? Would he ever climb a Colorado mountain with me?

I went to The Mayo Clinic, and several other doctors and specialist. We had moved from Colorado and were living in Arizona. I felt fatigued, fat and very sad. Then I happened upon an ad on The AIM Program in a magazine.

I sent away for the CD. I listened to most of it, yet didn't act or proceed any further. I got sicker and sicker and had two anaphylactic attacks that almost killed me.

My husband, son and I moved back to Colorado. The climate change and being near my family did my heart and soul so much good, but I was still so sick.

My husband and I made the difficult decision to draw some money out from our retirement savings so I could go see a Naturopath doctor. I was close to 200 lbs. and didn't even begin to resemble my former self. During this time I had made contact with a local Colorado AIM Facilitator, Sharon Akiyama. She and I had some great phone conversations. I wanted to know more about The AIM Program. I am not one to jump into any decision lightly. She assured me that when the time was right for me to join The AIM Program, I would know.

I had been working with my NP Doctor and by July 2008 was feeling much better. But I still suffered from foggy thinking and still had twenty or so pounds to lose. I made a leap of faith and joined The AIM Program.

My first life force reading was very low. Sharon reassured me and told me to just hang in there.

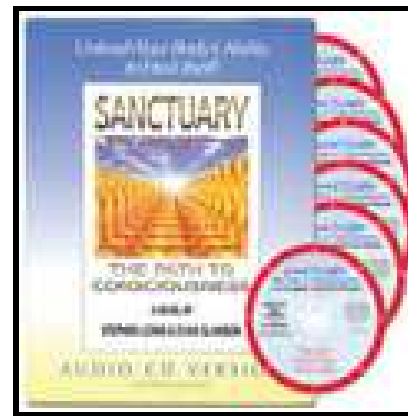

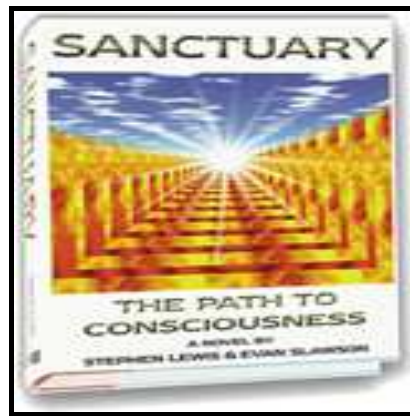

Within the last eleven months, since being a participant of The AIM Program, here are some of the miracles, and I do call them miracles, I have experienced with energetic balancing. I realize that The AIM Program is a spiritual program of self-healing and does not diagnose, treat, cure or prevent disease. Here is what my self-healing has done for me.

- I started to lose weight immediately. I did adhere to a whole foods diet and committed to daily exercise. Since July 25th I have lost over 30 lbs. That's not quite a year.
- I haven't had anaphylaxis since June 2008
- I started singing in public again. I had stopped over fifteen years ago. I am now singing with a professional musician all over Colorado.
- I am being paid for my first published article in a popular SE Colorado Magazine.
- My blood levels have all balanced out. My cholesterol, my triglycerides, and hormones are all balanced now. My blood pressure and my C-Reactive Proactive Protein are now normal.
- I look so different. I feel so different.
- I do believe this rare disease has gone into remission.
- My spiritual healing has begun.

Has my life changed since I joined The AIM Program? You be the judge. Do I believe in life force? "Yes." Do I believe in QED, or The Quantum-Consciousness? Oh yes, my life force reading as of June 2009 had sky rocketed to 100. What can I say? EMC² and the self-healing of The AIM Program have brought me back my life.
