## Events

### ***Everything is Energy Show Topics for Episode #449 08/28/14:***

- New introduction to stress that we deal only with energetic imbalances, not actual diseases, and are describing only what energetic frequencies they may be similar to. The frequency is not the disease.
- Lots of chapters in Sanctuary describe Stephen's testing process and The QED (The Road, Jane's Energetic Evaluation and Reevaluation, to name a few). Those were all written "pre-AIM" - everything is much more advanced now, and many, many more frequencies have been revealed.
- Newly revealed Hereditary imbalances added to the AIM database.
- "It's not the seed, it's the soil" - our task is learning what makes a fertile terrain for imbalances, be they hereditary or acquired.
- Web site resources relative to our discussion: States of Imbalance article ("The Karmic energy level" section in particular), AIM Q&A and Glossary.

## Newly Revealed Hereditary Frequency Update As of August 28, 2014

**This week there were five new Hereditary frequencies revealed to us.**

The first new Hereditary frequency 8168 was revealed to us and added to the AIM Program on August 25, 2014. This frequency is believed to function within the energetic orbs of the Spine, Skin, Brain, Throat, Heart, Sinuses, Lungs, Respiratory System, Kidneys and Bladder.  
It may manifest itself through the unresolved emotional etiologic frequency of: Impatience.

The second new Hereditary frequency 8211 was revealed to us and added to the AIM Program on August 25, 2014. This frequency is believed to function within the energetic orbs of the Skin causing itchy rash, Lungs, Respiratory System, Spine, Muscles and Joints.  
It may manifest itself through the unresolved emotional etiologic frequency of: Irritability.

The third new Hereditary frequency 8221 was revealed to us and added to the AIM Program on August 27, 2014. This frequency is believed to function within the energetic orbs of the Skin causing itchy rash, Lungs, and Respiratory System.  
It may manifest itself through the unresolved emotional etiologic frequency of: Unhappiness.

The fourth new Hereditary frequency 8231 was revealed to us and added to the AIM Program on August 27, 2014. This frequency is believed to function within the energetic orbs of the Muscles, Joints and Digestive Tract. It may manifest itself through the unresolved emotional etiologic frequency of: Discontentment.

The fifth new Hereditary frequency 8241 was revealed to us and added to the AIM Program on August 28, 2014. This frequency is believed to function within the energetic orbs of the Heart, Muscles, Joints, Sinuses, Throat, Low Back, Hip Joints and Digestive Tract. It may manifest itself through the unresolved emotional etiologic frequency of: Moodiness

**Here is the update on past frequencies that were revealed and added to the AIM Program last week:**

8138, 8148 & 8158 We believe have balanced in all those AIM Participants who were clearing them.

Regarding the frequencies that have cleared, we clarify: "We cannot say with certainty or accuracy that they have cleared in all, because we cannot check all. Additionally, some heal more slowly because of underlying energetic weakness, such as the frequency of parasites."

**REMINDER:** Although the frequencies have balanced in those who are positive for them, we may have to allow our physical being to strengthen to notice the positive effects.

### **Sandie from California**

2009 was an unusually challenging year for me, with unexpected changes and upheavals in every area of my life. Yet I've sailed through it all in an incredibly zen-like manner. For someone who has been known as a 'control freak', this is quite a breakthrough. All my friends and colleagues have been commenting on how remarkably calm and cheerful I am. The miracle for me is that not once in the past year have I been able to find any trace of fear within me. In fact, it feels as though the 'fear gene' has left my body and my psyche forever! In its place, is a tremendous sense of inner peace, along with a heightened awareness of how positive and empowered I feel.

As a busy journalist, editor, publishing consultant and radio show host, I live and work at a fairly high speed, juggling tasks and projects, and generally living a fairly high powered lifestyle. During my down time, the stress usually hits me in the form of migraines, and muscular and neck tension. This, too, has disappeared completely

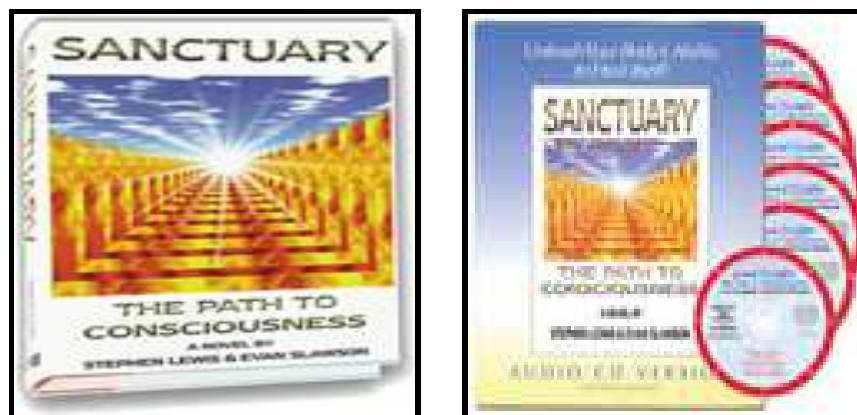

since being on AIM. While I fully accept and understand that the responsibility for my well-being lies in my own hands as well as my own belief systems and state of mind, I also feel it's important to give credit to AIM for supporting me with a foundational 24/7 empowerment booster.

Thank goodness I had an open mind when I began AIM. Compared to how I feel now, it's as if that old me was just getting by and adapting to a "constant struggle" mode, accepting the stress and occasional pains - even aging - as a way of life. I now realize what a limiting, self-defeating outlook I was developing. Thank you AIM for enabling me to rediscover and re-connect with my own life force energy. I feel younger now, have more energy, and am enjoying greater health and vigor in my 50s than I did in my 20s and 30s.
