## Events

### ***Everything is Energy Show Topics for Episode #454 10/02/14:***

- All discussions of energetic imbalances *reference certain frequencies an imbalance may be similar to. A frequency is NOT the actual disease.*
- Comments on healing: Healing is and always has been tied to spirituality. We have always had an innate ability to heal to a much greater extent than we ever recognized. Now, it is even more imperative that we heal what we brought with us and the deeper problems in the world.
- Newly revealed Hereditary imbalances added to the AIM database.
- Stephen can't tell you what any imbalance will be like in you - that depends on you, and where the imbalance is present in you.
- We heal "new" frequencies we may have very rapidly, provided we've been on AIM long enough and are not dealing with multiple other frequencies.
- Discussed frequencies of impact in the energetic orb of the hip joint(s).
- Hypertension and the many variables involved with that and any given physical issue.
- Stephen believes our survival on this planet is contingent upon our consciousness and higher consciousness is what AIM is all about. Removing Hereditary imbalances does raise consciousness, but it is "like a beginning or springboard". Raising it further, fully utilizing the enhancing frequencies, is then volitional. Likewise, you can think all the good thoughts in the world, but these imbalances will manifest if not healed.

## Newly Revealed Hereditary Frequency Update As of October 02, 2014

**This week there were four new Hereditary frequencies revealed to us.**

The first new Hereditary frequency 8235 was revealed to us and added to the AIM Program on September 29, 2014. This frequency is believed to function within the energetic orbs of the Lungs, Respiratory System, Skin and Brain.

It may manifest itself through the unresolved emotional etiologic frequency of: Over Active/Over Indulgence.

The second new Hereditary frequency 8245 was revealed to us and added to the AIM Program on September 29, 2014. This frequency is believed to function within the energetic orbs of the Urinary Tract, Bladder, Throat, Muscles, Joints, Sinuses and Heart.

It may manifest itself through the unresolved emotional etiologic frequency of: Over Aggressiveness.

The third new Hereditary frequency 8255 was revealed to us and added to the AIM Program on September 29, 2014. This frequency is believed to function within the energetic orbs of the Skin causing lumps, Mouth and Brain.

It may manifest itself through the unresolved emotional etiologic frequency of: Irritability.

The fourth new Hereditary frequency 8265 was revealed to us and added to the AIM Program on September 30, 2014. This frequency is believed to function within the energetic orbs of the Muscles, Joints, Lungs and Respiratory System.

It may manifest itself through the unresolved emotional etiologic frequency of: Jealousy.

**Here is the update on past frequencies that were revealed and added to the AIM Program last week:**

8234, 8244, 8254, 8264 & 8215 We believe have balanced in all those AIM Participants who were clearing them.

Regarding the frequencies that have cleared, we clarify: "We cannot say with certainty or accuracy that they have cleared in all, because we cannot check all. Additionally, some heal more slowly because of underlying energetic weakness, such as the frequency of parasites."

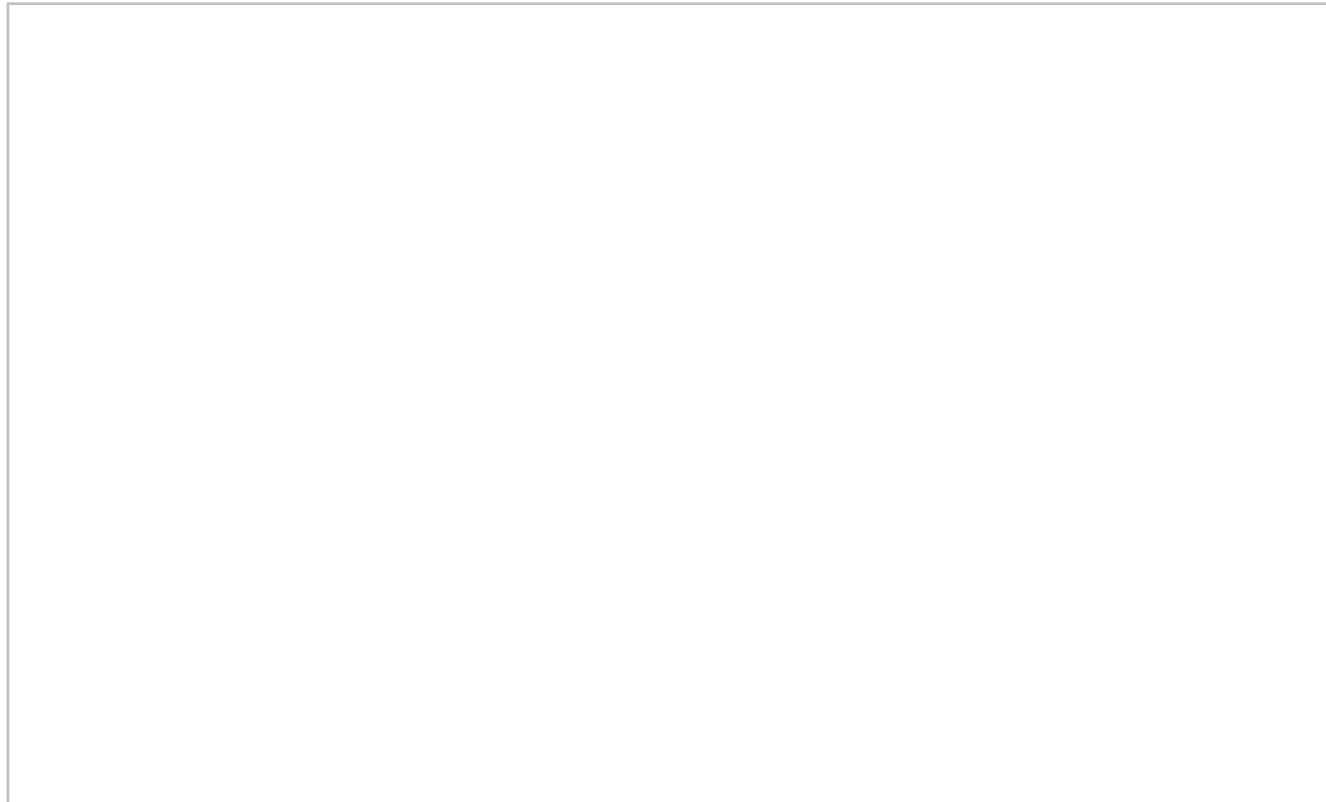

**REMINDER:** Although the frequencies have balanced in those who are positive for them, we may have to allow our physical being to strengthen to notice the positive effects.

### **Joyce from Arizona**

I have been self-healing through The AIM Program and its predecessors since 1991. I have seen many changes in myself that I can only attribute my self-healing to The AIM Program since I have not been involved in any other spiritual modalities or needed any medical care. What I am referring to, is how young I feel and look. I am a mature woman and many think I am 20 years younger than my chronological age. When I see photos of myself with my peers it is undeniable that I look years younger than they do. Many of my friends take numerous medications and have a difficult time moving around. Not me! I walk miles every day, take water aerobics, drive my convertible all over and chase my kitten around without getting tired. I guess you could say I am the ageless Grandma. All I can say is if it wasn't for the self-healing I have achieved with the anti-aging frequencies and the numerous others on The AIM Program, I know I would not feel or look the way I do!
