### **Everything is Energy Show Topics for Episode #459 11/06/14:**

- All discussions of energetic imbalances *reference certain frequencies an imbalance may be similar to. A frequency is NOT the actual disease.*
- Newly revealed Hereditary imbalances added to the AIM database, one of which seems prevalent.
- Stephen shared a few personal stories as we pondered why some close friends or relatives haven't yet joined us on AIM. Perhaps the concept of self-healing is too unbelievable to them.
- It's possible that physical healing can continue after a frequency is cleared energetically. But Stephen seems to have a "knowing" when there is still some imbalance hidden in his consciousness - he's had lots of practice.
- Reminder that until a participant self-heals all of the "known" Hereditary imbalances they have that are in the AIM database, any "unknown" imbalance still hidden in their consciousness easily remains undetectable. *The sole purpose of a special recheck is to find unknown imbalances*

## Newly Revealed Hereditary Frequency Update As of November 06, 2014

**This week there were four new Hereditary frequencies revealed to us.**

The first new Hereditary frequency 8258 was revealed to us and added to the AIM Program on November 3, 2014. This frequency is believed to function within the energetic orbs of the Spine, Muscles, Joints, Lungs and Respiratory System.

It may manifest itself through the unresolved emotional etiologic frequency of: Over Activity/Over Indulgence.

The second new Hereditary frequency 8268 was revealed to us and added to the AIM Program on November 3, 2014. This frequency is believed to function within the energetic orbs of the Throat, Muscles, Joints, Sinuses, Heart, Low Back and Hip Joints.

It may manifest itself through the unresolved emotional etiologic frequency of: Impatience.

The third new Hereditary frequency 8311 was revealed to us and added to the AIM Program on November 4, 2014. This frequency is believed to function within the energetic orbs of the Skin, Lungs, Respiratory System, Spine and Brain.

It may manifest itself through the unresolved emotional etiologic frequency of: Hypersensitivity.

The fourth new Hereditary frequency 8321 was revealed to us and added to the AIM Program on November 4, 2014. This frequency is believed to function within the energetic orbs of the Skin, Spine, Brain, Muscles, Joints, Lungs and Respiratory System.

It may manifest itself through the unresolved emotional etiologic frequency of: Unhappiness.

**Here is the update on past frequencies that were revealed and added to the AIM Program last week:**

8218, 8228, 8238 & 8248 We believe have balanced in all those AIM Participants who were clearing them.

Regarding the frequencies that have cleared, we clarify: "We cannot say with certainty or accuracy that they have cleared in all, because we cannot check all. Additionally, some heal more slowly because of underlying energetic weakness, such as the frequency of parasites."

**REMINDER:** Although the frequencies have balanced in those who are positive for them, we may have to allow our physical being to strengthen to notice the positive effects.

### Camille from California

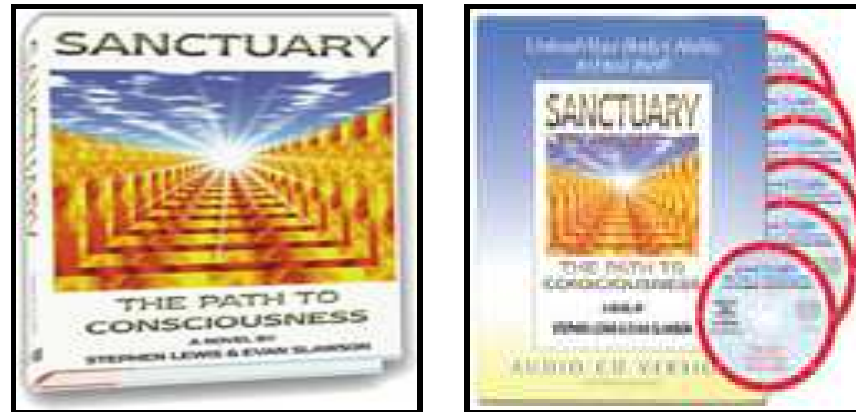

I'm submitting a miraculous testament of healing on behalf of my beloved 15 year-old cat, Camille. She had been on the AIM Program for eleven months when we took her to a veterinarian to get her teeth cleaned. They gave her too much anesthesia. It took her three days for the effects to wear off and she became blind as a result. Her eyes were fully dilated for four days and she was bumping into things, etc. The veterinarian said that after twenty-four hours of blindness it's usually permanent. Needless to say, we were devastated.

The night after consulting with two veterinarians, I had a long talk with Camille and told her that we would get through this together. I told her that she's not alone and that since she's on the AIM Program; she's getting every frequency known to man to assist her in self-healing just about anything her higher self chooses to heal. I reassured her that she would be fine and her eyesight would return to normal. The next day her eyesight had returned!

After getting our eleventh month check up Camille ranked at a Life Force of 100. My husband and I also achieved a Life Force of 100 as well. Tears of joy, and profound gratitude to the team at EMC<sup>2</sup>. . . many thanks!
