Everything is Energy Show Topics for Episode #468 01/29/15:

- All discussions of energetic imbalances *reference certain frequencies an imbalance may be similar to. A frequency is NOT the actual disease.*
- Newly revealed Hereditary imbalances added to the AIM database.
- In our intro, we distinguish between disease and frequencies, but in life and quantum physics, everything is a frequency. The absence or presence of disease is not the most relevant thing to our well-being. It's what you overcome or don't overcome that makes the difference. We don't get caught up in the idea of disease, but rather, what we must heal.
- You can not convince people about self-healing with AIM - it resonates or it doesn't.
- Niels Bohr quote: "Those who are not shocked when they first come across quantum theory cannot possibly have understood it."
- Discussion of the term "retro-virus" and frequencies becoming air borne.
- Powerful, enlightening story of healing: Book by Martin Pistorius, Ghost Boy (2013), describes how he fell into a coma at age 12 then came out of it. He's since healed tremendously...A good read.
- Stephen says there are many things that can impact the brain. There's no longer much of a "protective barrier" from his energetic point of view.
- Measles: is there a hereditary component? Stephen has never seen it present hereditarily. When acquired, people will heal it unless there is a strong underlying problem. When they catch it again, they'll heal it quickly.

Newly Revealed Hereditary Frequency Update As of January 29, 2015

This week there were six new Hereditary frequencies revealed to us.

The first new Hereditary frequency 8462 was revealed to us and added to the AIM Program on January 26, 2015. This frequency is believed to function within the energetic orbs of the Spine, Muscles, Joints, Lungs, Respiratory System, Throat, Sinuses and Heart.

It may manifest itself through the unresolved emotional etiologic frequency of: Irritability.

The second new Hereditary frequency 8413 was revealed to us and added to the AIM Program on January 26, 2015. This frequency is believed to function within the energetic orbs of the Skin and Brain.

It may manifest itself through the unresolved emotional etiologic frequency of: Hostility.

The third new Hereditary frequency 8423 was revealed to us and added to the AIM Program on January 27, 2015. This frequency is believed to function within the energetic orb of the Joints.

It may manifest itself through the unresolved emotional etiologic frequency of: Hostility.

The fourth new Hereditary frequency 8433 was revealed to us and added to the AIM Program on January 27, 2015. This frequency is believed to function within the energetic orbs of the Lungs, Respiratory System and Sinuses.

It may manifest itself through the unresolved emotional etiologic frequency of: Worry.

The fifth new Hereditary frequency 8443 was revealed to us and added to the AIM Program on January 28, 2015. This frequency is believed to function within the energetic orbs of the Pharynx, Throat, Bladder, Urinary

Tract and Kidneys.

It may manifest itself through the unresolved emotional etiologic frequency of: Over Aggressiveness.

The sixth new Hereditary frequency 8453 was revealed to us and added to the AIM Program on January 29, 2015. This frequency is believed to function within the energetic orbs of the Muscles, Joints, Lungs, Respiratory System, Throat, Sinuses, Heart, Digestive Tract and Spine.

It may manifest itself through the unresolved emotional etiologic frequency of: Obstinacy.

Here is the update on past frequencies that were revealed and added to the AIM Program last week:

8422, 8432, 8442 & 8452 We believe have balanced in all those AIM Participants who were clearing them.

Regarding the frequencies that have cleared, we clarify: "We cannot say with certainty or accuracy that they have cleared in all, because we cannot check all. Additionally, some heal more slowly because of underlying energetic weakness, such as the frequency of parasites."

REMINDER: Although the frequencies have balanced in those who are positive for them, we may have to allow our physical being to strengthen to notice the positive effects.

Gillean from California

After a frightening bone density test result, I was diagnosed with osteoporosis. I took three pills of a well known designer drug which, I understand, stops the Catabolic phase of the body that clears away the dead cells and general detritus, allowing the Anabolic phase to continue building cells thus making the bones more dense. This caused my kidneys, liver and lymphatic system to go into overload. I felt extremely crummy. Needless to say, I ceased the drug, and all my supplements, to clear out the body.

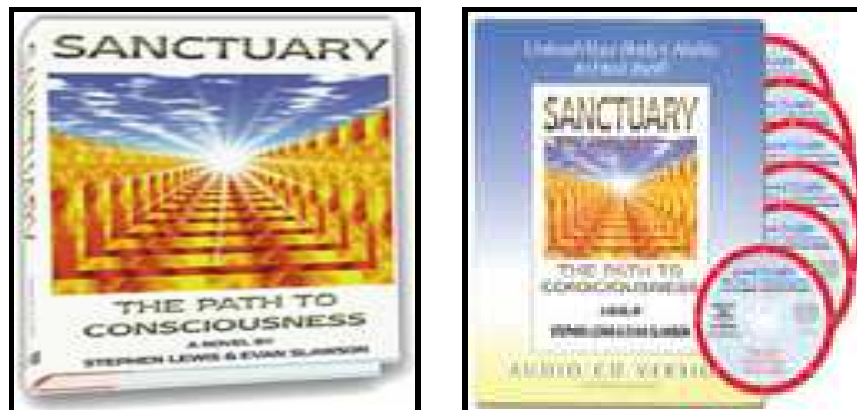

With the help of a diet encouraging saturated fat, along with its enzymes, and participating in the Sacrament of Energetic Balancing through The AIM Program, but also consciously reminding my body assiduously of the intent of the 24/7 self-healing frequencies, in four and a half months, I went from a reading of more than minus two on the bone density chart to plus one. May I remind you here that one is told by the 'powers that be' that it is fruitless to have a bone density scan any more often than two years because no change would be discernable? So from a blessed place of normal bone density for any age, and I happen to be in my sixty third year, I suspect that no one can criticize me for being thrilled with what AIM has prompted my body to achieve. Thank you EMC²,

together with my facilitator Lea Walters. You have turned a prognostication of a painful and sad old age or a sickly, drugged one into a healthy future of exciting possibilities!

Very many sincere and heartfelt thanks.
