Everything is Energy Show Topics for Episode #470 02/12/15:

- All discussions of energetic imbalances *reference certain frequencies an imbalance may be similar to. A frequency is NOT the actual disease.*
- Newly revealed Hereditary imbalances added to the AIM database.
- The language of AIM: frequencies and energetic testing versus diseases and lab tests.
- Stephen's early testing equipment, as discussed in Sanctuary, compared to his technology of today is like comparing a Model T Ford to today's top-of-the-line Mercedes.
- Regarding the energetic detox we may feel as imbalances are healed:
 - (1) Any discomfort is minimal compared to what might manifest if an imbalance is not healed by you.
 - (2) As we get closer to our deepest layer of imbalances, signs of healing may be more noticeable.
 - (3) Significance or impact of any given imbalance and the healing of it varies person to person.
 - (4) Any energetic detox will pass increasingly quickly as you remain on AIM, and you'll soon be gifted with a biological age of 20-21.

Newly Revealed Hereditary Frequency Update As of February 12, 2015

This week there were seven new Hereditary frequencies revealed to us.

The first new Hereditary frequency 8434 was revealed to us and added to the AIM Program on February 9, 2015. This frequency is believed to function within the energetic orbs of the Lungs, Respiratory System and Digestive Tract.

It may manifest itself through the unresolved emotional etiologic frequency of: Self Considered Failure.

The second new Hereditary frequency 8444 was revealed to us and added to the AIM Program on February 9, 2015. This frequency is believed to function within the energetic orbs of the Lungs, Respiratory System, Muscles, Joints, Throat, Sinuses and Heart.

It may manifest itself through the unresolved emotional etiologic frequency of: Obstinacy.

The third new Hereditary frequency 8454 was revealed to us and added to the AIM Program on February 9, 2015. This frequency is believed to function within the energetic orbs of the Lungs, Respiratory System, Skin and Brain.

It may manifest itself through the unresolved emotional etiologic frequency of: Impatience.

The fourth new Hereditary frequency 8464 was revealed to us and added to the AIM Program on February 9, 2015. This frequency is believed to function within the energetic orbs of the Spine, Muscles, Joints, Lungs, Respiratory System and Skin.

It may manifest itself through the unresolved emotional etiologic frequency of: Moodiness.

The fifth new Hereditary frequency 8415 was revealed to us and added to the AIM Program on February 10, 2015. This frequency is believed to function within the energetic orbs of the Lungs, Respiratory System, Digestive Tract, Muscles, Joints, Throat, Sinuses and Heart.

It may manifest itself through the unresolved emotional etiologic frequency of: Indecision.

The sixth new Hereditary frequency 8425 was revealed to us and added to the AIM Program on February 10, 2015. This frequency is believed to function within the energetic orbs of the Spine, Muscles, Joints, Lungs, Respiratory System, Skin, Brain, Low Back and Hip Joints.

It may manifest itself through the unresolved emotional etiologic frequency of: Obstinacy.

The seventh new Hereditary frequency 8435 was revealed to us and added to the AIM Program on February 11, 2015. This frequency is believed to function within the energetic orbs of the Muscles, Joints, Throat, Sinuses, Heart, Skin and Brain.

It may manifest itself through the unresolved emotional etiologic frequency of: Worry.

Here is the update on past frequencies that were revealed and added to the AIM Program last week:

8463 & 8414 We believe have balanced in all those AIM Participants who were clearing them.

8424 We believe will balance in all those AIM Participants who are clearing it by the end of this weekend.

Regarding the frequencies that have cleared, we clarify: "We cannot say with certainty or accuracy that they have cleared in all, because we cannot check all. Additionally, some heal more slowly because of underlying energetic weakness, such as the frequency of parasites."

REMINDER: Although the frequencies have balanced in those who are positive for them, we may have to allow our physical being to strengthen to notice the positive effects.

Sandie from California

2009 was an unusually challenging year for me, with unexpected changes and upheavals in every area of my life. Yet I've sailed through it all in an incredibly zen-like manner. For someone who has been known as a 'control freak', this is quite a breakthrough. All my friends and colleagues have been commenting on how remarkably calm and cheerful I am. The miracle for me is that not once in the past year have I been able to find any trace of fear within me. In fact, it feels as though the 'fear gene' has left my body and my psyche forever! In its place, is a tremendous sense of inner peace, along with a heightened awareness of how positive and empowered I feel.

As a busy journalist, editor, publishing consultant and radio show host, I live and work at a fairly high speed, juggling tasks and projects, and generally living a fairly high powered lifestyle. During my down time, the stress usually hits me in the form of migraines, and muscular and neck tension. This, too, has disappeared completely since being on AIM. While I fully accept and understand that the responsibility for my well-being lies in my own hands as well as my own belief systems and state of mind, I also feel it's important to give credit to AIM for supporting me with a foundational 24/7 empowerment booster.

Thank goodness I had an open mind when I began AIM. Compared to how I feel now, it's as if that old me was just getting by and adapting to a "constant struggle" mode, accepting the stress and occasional pains - even aging - as a way of life. I now realize what a limiting, self-defeating outlook I was developing. Thank you AIM for enabling me to rediscover and re-connect with my own life force energy. I feel younger now, have more energy, and am enjoying greater health and vigor in my 50s than I did in my 20s and 30s.
