Everything is Energy Show Topics for Episode #471 02/19/15:

- All discussions of energetic imbalances *reference certain frequencies an imbalance may be similar to. A frequency is NOT the actual disease.*
- Newly revealed Hereditary imbalances added to the AIM database.
- Stephen feels 2015 will bring massive changes on all levels, certainly concerning health. More and more retro-viruses are in the news, so Stephen's job continues to be to assure that AIM is your greatest help in overcoming every imbalance you acquire.
- When you increase your consciousness, you allow everyone and everything in, increasing the number of people "in your corner" to help you heal, and increasing your ability to help others heal. The more the better.
- "Anti-aging" frequencies:
 - (1) Many balancing energies on AIM help us inhibit aging, such as those that help accelerate cell repair and regeneration, increase mental and physical vitality and increase systemic immunity;
 - (2) Thousands of others are balancing energies to help us heal Hereditary imbalances that have components related to things commonly associated with aging, as we discuss every week.
- Perhaps our most extraordinary work has not yet started. Perhaps we are just now grasping the nature of life, and that life is a spiritual process.

This week there were five new Hereditary frequencies revealed to us.

The first new Hereditary frequency 8445 was revealed to us and added to the AIM Program on February 16, 2015. This frequency is believed to function within the energetic orbs of the Lungs and Respiratory System. It may manifest itself through the unresolved emotional etiologic frequency of: Dissatisfaction.

The second new Hereditary frequency 8455 was revealed to us and added to the AIM Program on February 17, 2015. This frequency is believed to function within the energetic orbs of the Lungs, Respiratory System, Skin, Muscles, Joints and Spine.

It may manifest itself through the unresolved emotional etiologic frequency of: Depression.

The third new Hereditary frequency 8465 was revealed to us and added to the AIM Program on February 17, 2015. This frequency is believed to function within the energetic orbs of the Muscles, Joints, Throat, Sinuses, Heart, Lungs and Respiratory System.

It may manifest itself through the unresolved emotional etiologic frequency of: Unhappiness.

The fourth new Hereditary frequency 8416 was revealed to us and added to the AIM Program on February 19, 2015. This frequency is believed to function within the energetic orbs of the Muscles, Joints, Digestive Tract, Spine, Skin and Brain.

It may manifest itself through the unresolved emotional etiologic frequency of: Judgemental.

The fifth new Hereditary frequency 8426 was revealed to us and added to the AIM Program on February 19, 2015. This frequency is believed to function within the energetic orbs of the Muscles, Joints, Throat, Sinuses, Heart, Lungs and Respiratory System.

It may manifest itself through the unresolved emotional etiologic frequency of: Depression.

Here is the update on past frequencies that were revealed and added to the AIM Program last week:

8434, 8444, 8454, 8464, 8415, 8425 and 8435 We believe have balanced in all those AIM Participants who were clearing them.

Regarding the frequencies that have cleared, we clarify: "We cannot say with certainty or accuracy that they have cleared in all, because we cannot check all. Additionally, some heal more slowly because of underlying energetic weakness, such as the frequency of parasites."

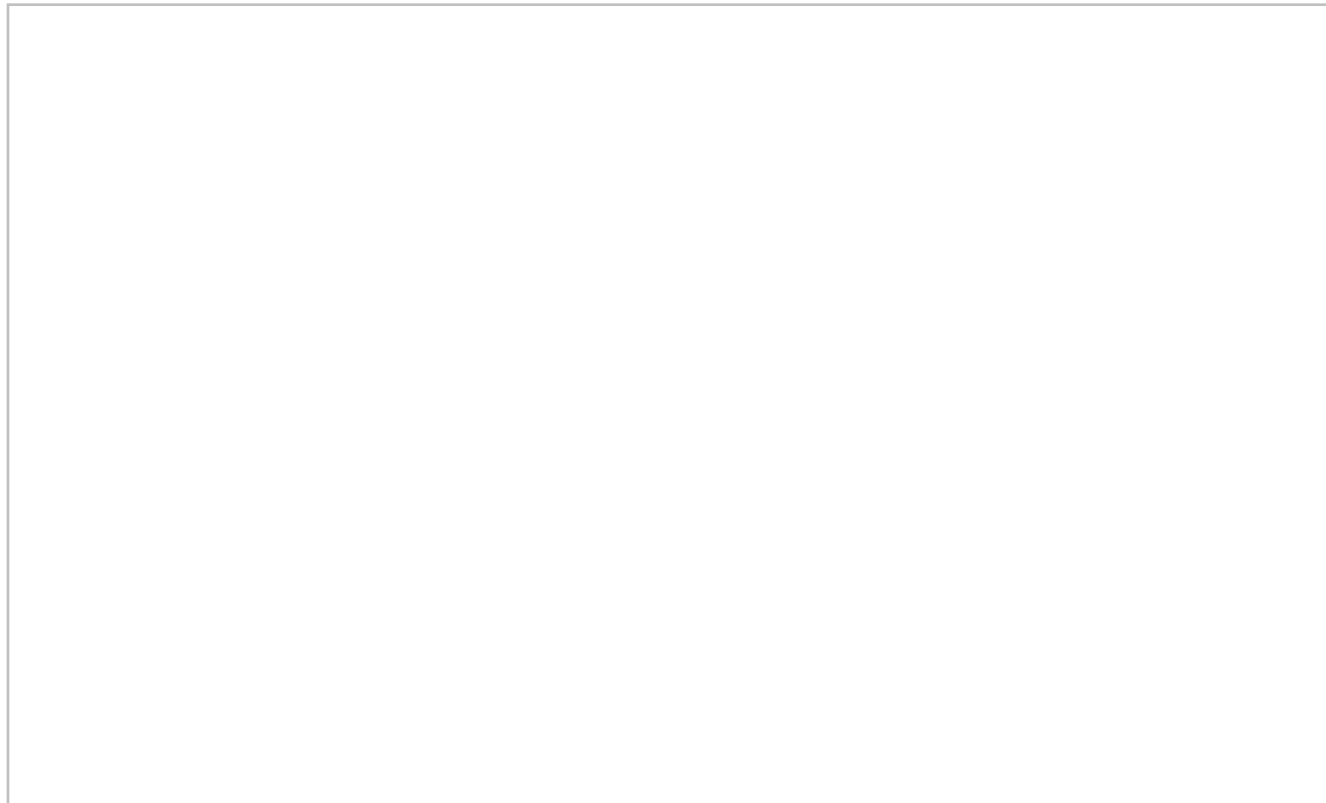

REMINDER: Although the frequencies have balanced in those who are positive for them, we may have to allow our physical being to strengthen to notice the positive effects.

Deen from Arizona

I wanted to send you a note regarding the last year on the AIM Program. I was on the AIM Program 7 years ago for about 6 months and got back on the trays last July (2010). A little history, I have been treated several times over the last 20 years for Hodgkin's Disease. I have done everything from having a bone marrow transplant to seeing a \$600/half-hour hands on healer and anything else you can imagine.

While it has not defined my life, I am definitely self-healing something very deep. About a month ago (July 2011), we discovered I had a mass near my spine. It threw my doctors for a loop because my blood work was spotless - no sign of anything wrong other than some back pain. The mass had most likely been there since before I got back on the trays in July 2010, because of the slow-natured way the disease grows in my body. I opted for some radiation to be followed with a very gentle chemotherapy regimen.

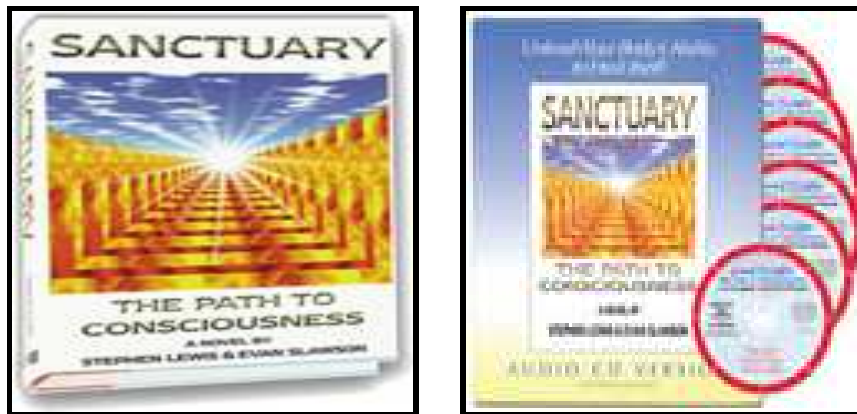

After 8 days of radiation, I was rescanned and the mass was already gone! Furthermore, my doctors are all amazed at my blood work and cells. They have commented that for someone who has been through what I have been through, they never would have known from what my body looks like now. Overtime, they often see changes in blood work and the shape and size of cells - I don't have any of that. It's as if I had never been sick.

While I take care of myself, I know the AIM Program has had a big part in helping me rejuvenate my body on a daily basis. Furthermore, in my heart I believe the heightened awareness I feel helped me during treatment. I could feel the emotional healing happen while I was receiving the treatment. I could really tune in to what wanted to be healed and was able to release it - even to the point that I knew when the mass was gone and that I no longer needed the radiation. It was at once the strangest and most powerful experience I've ever been through.

Thank you EMC² for the AIM Program and for helping me in my self-healing journey.
