Everything is Energy Show Topics for Episode #472 02/26/15:

- All discussions of energetic imbalances *reference certain frequencies an imbalance may be similar to. A frequency is NOT the actual disease.*
- Newly revealed Hereditary imbalances added to the AIM database.
- Discussed several frequency components and their potential impact on the energetic orb of the brain and related muscles that may contract and cause pain.
- Discussion of energetic and emotional healing versus medical issues, referencing the "Resolving the Unknowable" chapter in Sanctuary, particularly page 129.
- You are the only one who can heal you, and as we heal our energetic imbalances, we have "an increased ability to release unproductive and uncomfortable patterns in our lives" - page 133.
- The term "finished detoxing" is a misnomer and doesn't mean anyone is "done". What Stephen means is that more and more people are not showing any remaining imbalances at the time their photo is checked. As other frequencies are revealed, and as our ability to "see" advances next week, or next month or next year, if you are not still on AIM, you cannot benefit from any of those "new" frequencies.
- The work of EMC2 is critically important to life, and if you believe in it, you understand the increasing urgency to continue with us.

Newly Revealed Hereditary Frequency Update As of February 26, 2015

This week there were five new Hereditary frequencies revealed to us.

The first new Hereditary frequency 8436 was revealed to us and added to the AIM Program on February 23,

2015. This frequency is believed to function within the energetic orbs of the Lungs, Respiratory System, Skin, Brain and Adrenal Medulla.

It may manifest itself through the unresolved emotional etiologic frequency of: Dissention.

The second new Hereditary frequency 8446 was revealed to us and added to the AIM Program on February 23, 2015. This frequency is believed to function within the energetic orbs of the Muscles, Joints, Throat, Sinuses, Heart, Digestive Tract and Skin.

It may manifest itself through the unresolved emotional etiologic frequency of: Pain Behind Cheerfulness.

The third new Hereditary frequency 8456 was revealed to us and added to the AIM Program on February 25, 2015. This frequency is believed to function within the energetic orbs of the Lungs, Respiratory System, Muscles, Joints, Spine and Digestive Tract.

It may manifest itself through the unresolved emotional etiologic frequency of: Insecurity.

The fourth new Hereditary frequency 8466 was revealed to us and added to the AIM Program on February 26, 2015. This frequency is believed to function within the energetic orbs of the Skin, Colon, Spleen, Digestive Tract and Lymph Glands.

It may manifest itself through the unresolved emotional etiologic frequency of: Unhappiness.

The fifth new Hereditary frequency 8417 was revealed to us and added to the AIM Program on February 26, 2015. This frequency is believed to function within the energetic orbs of the Skin, Brain, Bloodstream and Circulatory System.

It may manifest itself through the unresolved emotional etiologic frequency of: Irritability.

Here is the update on past frequencies that were revealed and added to the AIM Program last week:

8445, 8455, 8465, 8416 & 8426 We believe have balanced in all those AIM Participants who were clearing them.

Regarding the frequencies that have cleared, we clarify: "We cannot say with certainty or accuracy that they have cleared in all, because we cannot check all. Additionally, some heal more slowly because of underlying energetic weakness, such as the frequency of parasites."

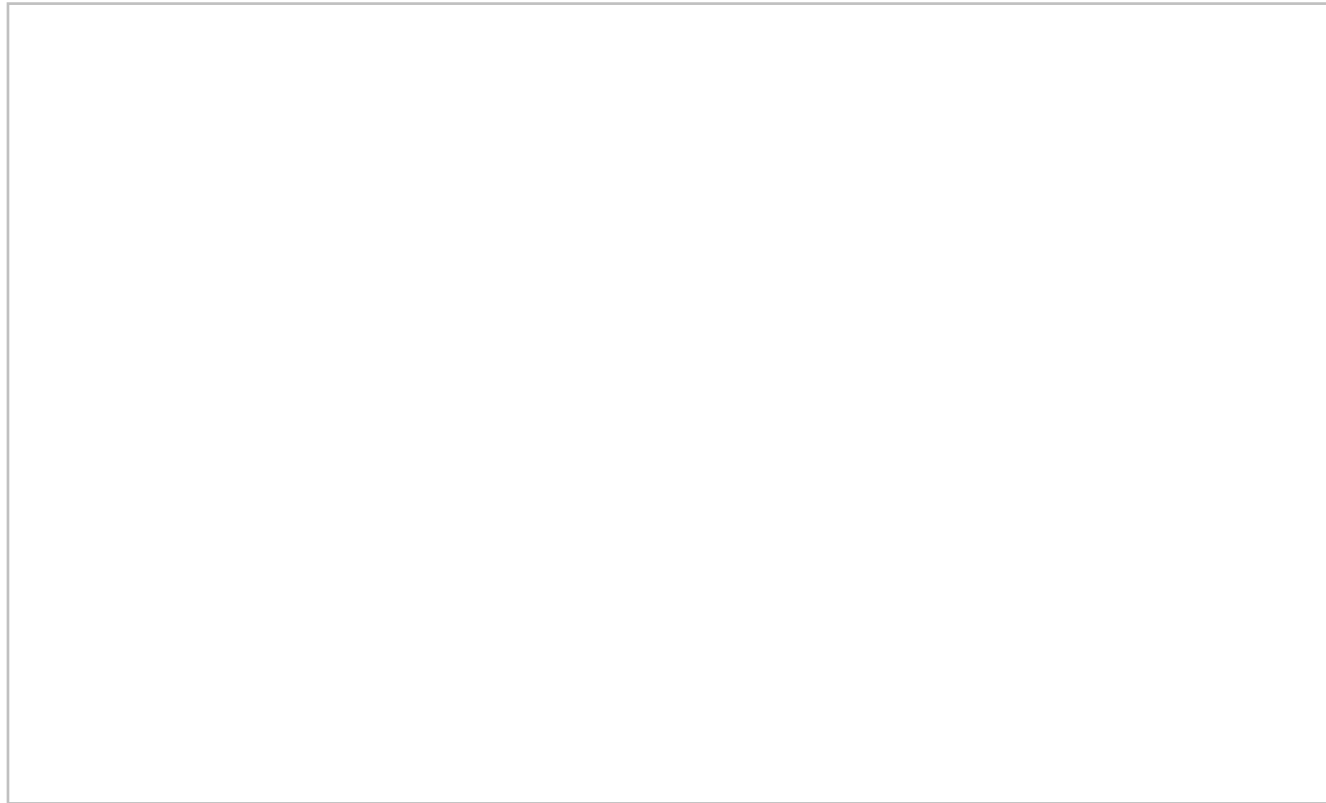

REMINDER: Although the frequencies have balanced in those who are positive for them, we may have to allow our physical being to strengthen to notice the positive effects.

Joy from Florida

Thanks to my self-healing with the assistance of the AIM, my life has been transformed at 66 years of age (forget "old").

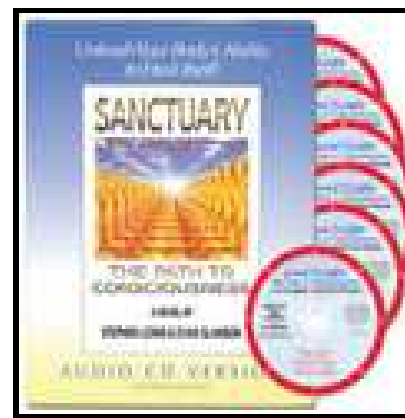

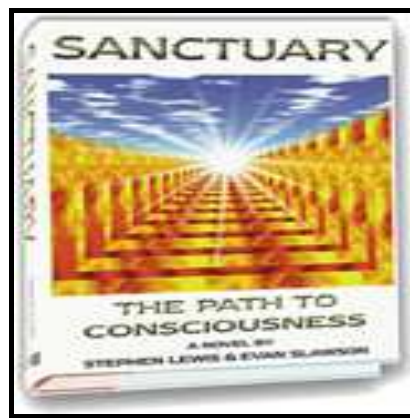

On day one, as my consciousness selected the subtle-energy frequencies for my process of self-healing, the existing anxiety and depression flowed out, never to return.

Interestingly, I have experienced: (1) a clearing of thought (previous mental fog is out, clarity in); (2) the thyroid/throat area now with good energy (from chronically low, I feel an energy increase); (3) my lungs are now clear (no longer problematic, my breathing is full); (4) redness on the palm of hands for a month, not due to new dish soap after all, but rather to self-healing through the AIM Program clearing the auto-immune system, including release of cancer frequency inherited from mother (she died from pervasive cancer at 45 y.o.); and, (5) a releasing of very old layers of sadness in the heart center area (I feel emotionally clearer).

I believe that cells hold one vibration at a time, so AIM's constant flow of energy produces remarkable effects. Since the flow of this very high energy is continuous, I believe that it is able to go deep, lifting out pockets of old stored energy. Most significant for me, I am emotionally at peace. I am experiencing my life goal of spiritual fulfillment, with love flowing through for myself and others. I am a cup overflowing. Eternal thanks to EMC2 for the AIM Program. I look forward to our future together.
