Everything is Energy Show Topics for Episode #473 03/05/15:

- All discussions of energetic imbalances *reference certain frequencies an imbalance may be similar to. A frequency is NOT the actual disease.*
- Newly revealed Hereditary imbalances added to the AIM database.
- Stephen has known for several years that there was still some deeply hidden imbalance in him of impact in the orb of the skin, but he could never find its frequency. His masterful "O-ring" testing told him this was the morning for him to find it, and he did. The hope is that this frequency might be the bottom energetic layer of a variety of types of skin issues in anyone who may have it.
- Discussed an article about Chronic Fatigue Syndrome being given a new name, despite still having no idea what causes "it". Energetically, there are many frequencies that have an impact on fatigue, and the energetic orb of the adrenals.
- Congratulations and thanks to Stephen for 9 years of Everything is Energy Shows, and to all our listeners as well.

- Reminder-No Talkshoe March 12 as the office is closed for Albert Einstein's Birthday!

Newly Revealed Hereditary Frequency Update As of March 05, 2015

This week there were five new Hereditary frequencies revealed to us.

The first new Hereditary frequency 8427 was revealed to us and added to the AIM Program on March 2, 2015.

This frequency is believed to function within the energetic orbs of the Spine, Muscles, Joints, Lungs, Respiratory System, Skin and Brain.

It may manifest itself through the unresolved emotional etiologic frequency of: Over Aggressiveness.

The second new Hereditary frequency 8437 was revealed to us and added to the AIM Program on March 2, 2015. This frequency is believed to function within the energetic orbs of the Muscles, Joints, Throat, Sinuses, Heart, Lungs, Respiratory System, Digestive Tract and Skin.

It may manifest itself through the unresolved emotional etiologic frequency of: Depression.

The third new Hereditary frequency 8447 was revealed to us and added to the AIM Program on March 2, 2015. This frequency is believed to function within the energetic orbs of the Skin causing lumps, Bloodstream, Circulatory System, Lungs, Respiratory System and Digestive Tract.

It may manifest itself through the unresolved emotional etiologic frequency of: Irritability.

The fourth new Hereditary frequency 8457 was revealed to us and added to the AIM Program on March 4, 2015. This frequency is believed to function within the energetic orbs of the Skin, Brain, Lungs and Respiratory System.

It may manifest itself through the unresolved emotional etiologic frequency of: Withdrawal.

The fifth new Hereditary frequency 8467 was revealed to us and added to the AIM Program on March 5, 2015. This frequency is believed to function within the energetic orbs of the Skin, Muscles, Joints, Throat, Sinuses and Heart.

It may manifest itself through the unresolved emotional etiologic frequency of: Hostility.

Here is the update on past frequencies that were revealed and added to the AIM Program last week:

8436, 8446, 8456 & 8466 We believe have balanced in all those AIM Participants who were clearing them.

8417 We believe will balance in all those AIM Participants who are clearing it by the end of this weekend.

Regarding the frequencies that have cleared, we clarify: "We cannot say with certainty or accuracy that they

have cleared in all, because we cannot check all. Additionally, some heal more slowly because of underlying energetic weakness, such as the frequency of parasites."

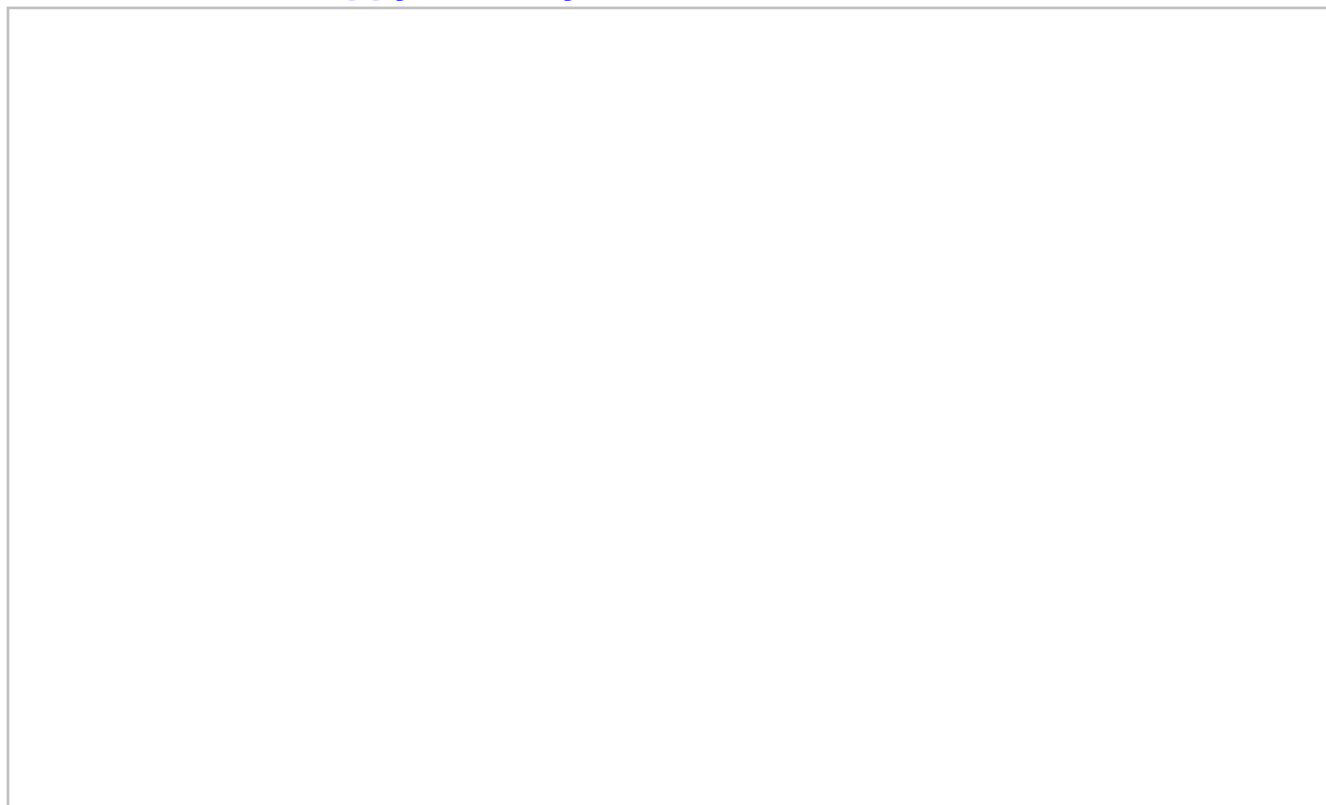

REMINDER: Although the frequencies have balanced in those who are positive for them, we may have to allow our physical being to strengthen to notice the positive effects.

For more information on the latest frequencies you can listen to the Everything is Energy Show every Thursday morning from 9-10 AM (Pacific). (See the listing in [Events](#).)

Sheila from Idaho

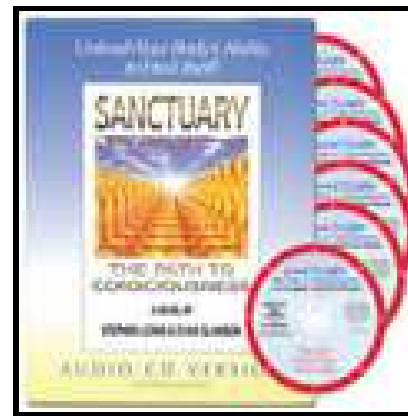

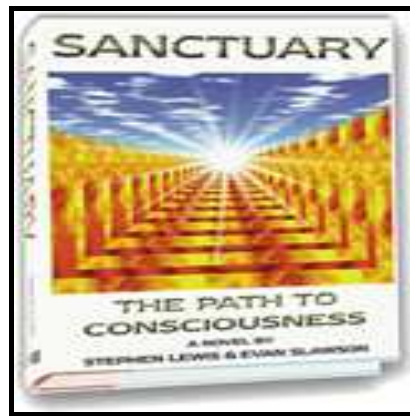

I am 42 years old and I am challenged with a neurological condition called Ataxia. This condition is the result of a deterioration of the cerebellum, which in turn causes the loss of the coordination of my muscles. It mainly affects my physical movements, my speech and my ability to swallow.

Within two or three days of beginning the spiritual self-healing process of energetic balancing through The AIM Program, before I knew that I was actually on AIM, my family noticed a huge shift in my energy level. I went from being emotionally closed down to being more open and loving.

Before going on AIM, I was very limited in my activities. I couldn't go shopping without assistance. Even around the house I had to rely on a walker and a cane. But most importantly my attitude toward life became very fearful and negative. I had given up on any hope of a future because the doctors had told me that my condition was progressive and there was nothing that could be done for it. This really made me depressed as I have a wonderful family that includes a very special little boy who I most wanted to be with and share in his growing up. However, since receiving the Sacrament of Energetic Balancing through The AIM Program my mind is more alert and I have a huge increase in energy and a real zest for living that I had lost.
