Everything is Energy Show Topics for Episode #474 03/19/15:

- All discussions of energetic imbalances *reference certain frequencies an imbalance may be similar to. A frequency is NOT the actual disease.*
- Newly revealed Hereditary imbalances added to the AIM database.
- Once on AIM long enough, participants heal imbalances much more quickly due to their vastly improved healing capacity from having self-healed so many of their imbalances.
- Parasite imbalances (which are acquired, not Hereditary) impact one's healing capacity and rate of healing frequencies, but do not block one's ability to self-heal. Stephen continues to research these frequencies to find balancing energies to assist in healing them.
- The frequencies behind a disease are not the same as the damage that may have been done by the manifestation of the frequencies. Stephen stressed this, and how the individual benefits when everyone works as a team to contribute their expertise, from healers to doctors, as appropriate.

Newly Revealed Hereditary Frequency Update As of March 20, 2015

This week there were seven new Hereditary frequencies revealed to us.

The first new Hereditary frequency 8418 was revealed to us and added to the AIM Program on March 9, 2015. This frequency is believed to function within the energetic orbs of the Skin, Brain, Muscles, Joints, Throat, Sinuses, Heart, Lungs, and Respiratory System.

It may manifest itself through the unresolved emotional etiologic frequency of: Impatience.

The second new Hereditary frequency 8428 was revealed to us and added to the AIM Program on March 9, 2015. This frequency is believed to function within the energetic orbs of the Colon, Spleen, Digestive Tract, Bladder, Kidney and Urinary Tract.

It may manifest itself through the unresolved emotional etiologic frequency of: Discontentment.

The third new Hereditary frequency 8438 was revealed to us and added to the AIM Program on March 9, 2015. This frequency is believed to function within the energetic orbs of the Skin, Brain and Liver.

It may manifest itself through the unresolved emotional etiologic frequency of: Dissatisfaction.

The fourth new Hereditary frequency 8448 was revealed to us and added to the AIM Program on March 10, 2015. This frequency is believed to function within the energetic orbs of the Skin, Lungs and Respiratory System.

It may manifest itself through the unresolved emotional etiologic frequency of: Jealousy.

The fifth new Hereditary frequency 8458 was revealed to us and added to the AIM Program on March 16, 2015. This frequency is believed to function within the energetic orbs of the Lungs, Respiratory System, Muscles, Joints, Throat, Sinuses and Heart.

It may manifest itself through the unresolved emotional etiologic frequency of: Insecurity.

The sixth new Hereditary frequency 8468 was revealed to us and added to the AIM Program on March 16, 2015. This frequency is believed to function within the energetic orbs of the Lymph Glands, Skin, Brain, Low Back and Hip Joints.

It may manifest itself through the unresolved emotional etiologic frequency of: Remorse.

The seventh new Hereditary frequency 8511 was revealed to us and added to the AIM Program on March 19, 2015. This frequency is believed to function within the energetic orbs of the Lungs, Respiratory System, Bladder, Kidneys, Urinary Tract, Muscles, Joints, Throat, Sinuses and Heart.

It may manifest itself through the unresolved emotional etiologic frequency of: Depression.

Here is the update on past frequencies that were revealed and added to the AIM Program last week:

8418, 8428, 8438 & 8448 We believe have balanced in all those AIM Participants who were clearing them.

8458 & 8468 We believe will balance in all those AIM Participants who are clearing them by the end of this weekend.

Regarding the frequencies that have cleared, we clarify: "We cannot say with certainty or accuracy that they have cleared in all, because we cannot check all. Additionally, some heal more slowly because of underlying energetic weakness, such as the frequency of parasites."

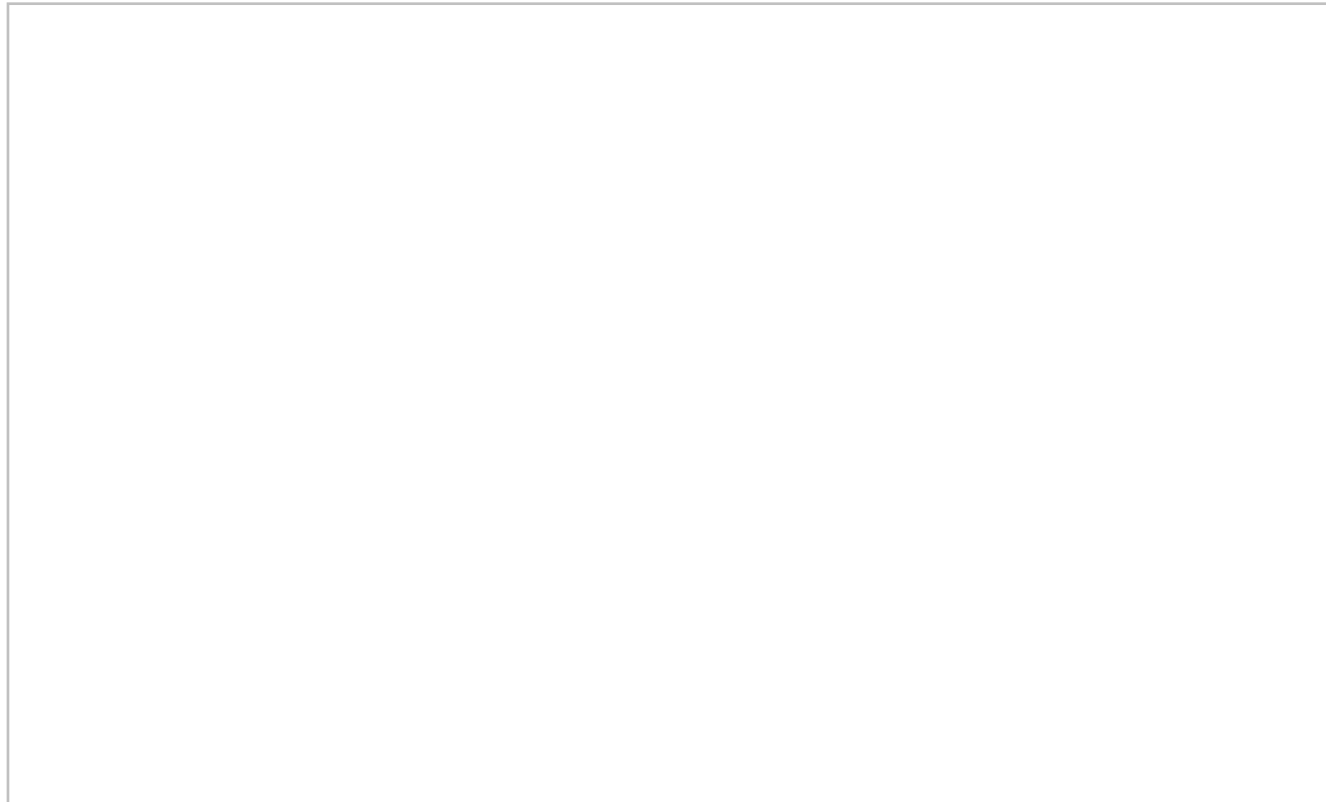

REMINDER: Although the frequencies have balanced in those who are positive for them, we may have to allow our physical being to strengthen to notice the positive effects.

Tigger from Virginia

Tigger, one of my two cats, had been to the vet with a growth on his side. The vet told me what to watch for (change in size, color, etc.). When it was time for me to renew myself for another year of energetic balancing with The AIM Program, I put both of my cats on as well. Shortly thereafter, I was checking Tigger and the lump appeared to be a lymphoma. I called the vet and took him in the next day. When we got there, the lump was gone! Not a sign of where it had been. The vet was totally baffled because he had registered it. He even showed me where he had written it on Tigger's chart. The cat is now fine, no lump at all! I am so thankful that even my cat was able to self-heal through the energetic balancing of The AIM Program.

"The frequencies found in these animals were for the most part the same as those found in humans.

Most important, animals were able to benefit from balancing energies to achieve greater well-being, as reported by their owners."
