- All discussions of energetic imbalances *reference certain frequencies an imbalance may be similar to. A frequency is NOT the actual disease.*
- Newly revealed Hereditary imbalances added to the AIM database.
- Stephen discussed some details of his testing and other database systems, and how he can tell if anyone else on AIM has a given new frequency but cannot tell how many have it because he cannot check everyone.
- Frequency categories are largely informational for Stephen - no particular significance for participants.
- Question about edema.
- Allergies, intolerances and irritants. What AIM can and cannot help us self-heal. See testimonials available on our web sites.

Newly Revealed Hereditary Frequency Update As of April 16, 2015

This week there were five new Hereditary frequencies revealed to us.

The first new Hereditary frequency 8563 was revealed to us and added to the AIM Program on April 13, 2015. This frequency is believed to function within the energetic orbs of the Lymph Glands, Lungs, Respiratory System, Muscles, Joints, Throat, Sinuses and Heart.

It may manifest itself through the unresolved emotional etiologic frequency of: Irritability.

The second new Hereditary frequency 8514 was revealed to us and added to the AIM Program on April 13, 2015. This frequency is believed to function within the energetic orbs of the Bladder, Urinary Tract, Kidneys, Muscles, Joints, Spine, Digestive Tract and Brain.

It may manifest itself through the unresolved emotional etiologic frequency of: Moodiness.

The third new Hereditary frequency 8524 was revealed to us and added to the AIM Program on April 14, 2015. This frequency is believed to function within the energetic orbs of the Spine, Muscles, Joints, Lungs, Respiratory System, Skin and Adrenals.

It may manifest itself through the unresolved emotional etiologic frequency of: Over Agressiveness.

The fourth new Hereditary frequency 8534 was revealed to us and added to the AIM Program on April 15, 2015. This frequency is believed to function within the energetic orbs of the Joints, Brain, Muscles, Spine and Digestive Tract.

It may manifest itself through the unresolved emotional etiologic frequency of: Impatience.

The fifth new Hereditary frequency 8544 was revealed to us and added to the AIM Program on April 16, 2015. This frequency is believed to function within the energetic orbs of the Skin, Colon, Digestive Tract, Lungs, Respiratory System (and just about everywhere in the body), Kidneys, Bladder, Urinary Tract and Low Back.

It may manifest itself through the unresolved emotional etiologic frequency of: Domination.

Here is the update on past frequencies that were revealed and added to the AIM Program last week:

8513, 8523, 8533 & 8543 We believe have balanced in all those AIM Participants who were clearing them.

8553 We believe will balance in all those AIM Participants who are clearing it by the end of this weekend.

Regarding the frequencies that have cleared, we clarify: "We cannot say with certainty or accuracy that they have cleared in all, because we cannot check all. Additionally, some heal more slowly because of underlying energetic weakness, such as the frequency of parasites."

REMINDER: Although the frequencies have balanced in those who are positive for them, we may have to allow our physical being to strengthen to notice the positive effects.

Vicki from Nevada

What I notice most since participating in the Sacrament of Energetic Balancing through The AIM Program is an increased sense of well being and a greater sensitivity to everything (my feelings, other people's feelings & intentions, my issues, my life lessons, greater awareness of my environment). It's like having a "gut feeling" about something, only now it's advanced to a "knowing" rather than just a hunch.

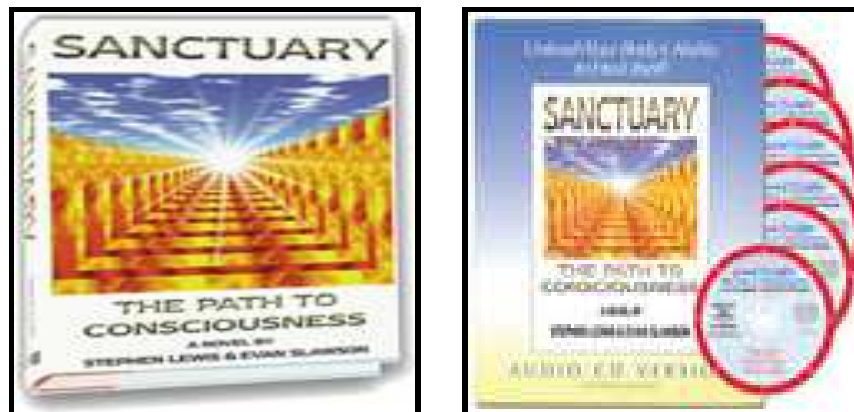

My husband & I also put our company on The AIM program. Business increased substantially. However, just before the manifestation of increased opportunity was what I call the "detox time" (things got slow) during which we took the time for creative inspiration and made internal changes. This in turn allowed for more success.

Participating in the conference calls and in the group share meetings helps me to realize changes I've not realized in myself because some things seem to happen very subtly over time. A good example would be realizing that I now wake up in the morning feeling refreshed and without sore muscles. Being stiff and dragging in the morning had become my "normal". I had forgotten what it felt like to jump out of bed full of energy. This feels much better!!

It's been a remarkable journey of growth for us.
