Everything is Energy Show Topics for Episode #482 5/14/15:

- All discussions of energetic imbalances *reference certain frequencies an imbalance may be similar to. A frequency is NOT the actual disease.*
- Newly revealed Hereditary imbalances added to the AIM database.
- Recent article on the increase in spirituality and decline in number of people identifying as Christians, or with a specific religion. Everything is connected but we have to look for the dots to connect. Stephen feels spirituality will eventually be seen as a major weapon in a strong immune system.
- Questions regarding what happens to one's healing process if they come off AIM: impossible to answer accurately as each person is so unique and there are so many variables. Remember, too, that AIM is to help you heal, not do it for you.
- Other considerations: (1) If you are off AIM long enough your Life Force will drop somewhat, but will remain higher than when you began. (2) Even with a life force of 100, you can still have lots to heal. (3) All of the supporting or enhancing energies on AIM can impact your healing capacity too.

Newly Revealed Hereditary Frequency Update As of May 14, 2015

This week there were five new Hereditary frequencies revealed to us.

The first new Hereditary frequency 8566 was revealed to us and added to the AIM Program on May 12, 2015. This frequency is believed to function within the energetic orbs of the Skin, Brain, Lungs, Respiratory System and Digestive Tract.

It may manifest itself through the unresolved emotional etiologic frequency of: Irritability.

The second new Hereditary frequency 8517 was revealed to us and added to the AIM Program on May 12, 2015. This frequency is believed to function within the energetic orbs of the Spine, Muscles, Joints, Lungs, Respiratory System, Skin, Feet, Colon and Digestive Tract.

It may manifest itself through the unresolved emotional etiologic frequency of : Discontentment.

The third new Hereditary frequency 8527 was revealed to us and added to the AIM Program on May 12, 2015. This frequency is believed to function within the energetic orbs of the Muscles, Joints, Throat, Sinuses, Heart, Low Back and Hip Joints.

It may manifest itself through the unresolved emotional etiologic frequency of: Jealousy.

The fourth new Hereditary frequency 8537 was revealed to us and added to the AIM Program on May 14, 2015. This frequency is believed to function within the energetic orbs of the Skin, Brain, Bladder, Urinary Tract and Kidneys.

It may manifest itself through the unresolved emotional etiologic frequency of: Dissatisfaction.

The fifth new Hereditary frequency 8547 was revealed to us and added to the AIM Program on May 14, 2015. This frequency is believed to function within the energetic orbs of the Skin causing itchy rash, Lungs, Respiratory System, Bladder, Urinary Tract and Kidneys.

It may manifest itself through the unresolved emotional etiologic frequency of: Anxiety.

Here is the update on past frequencies that were revealed and added to the AIM Program last week:

8526, 8536, 8546 & 8556 We believe have balanced in all those AIM Participants who were clearing them.

Regarding the frequencies that have cleared, we clarify: "We cannot say with certainty or accuracy that they have cleared in all, because we cannot check all. Additionally, some heal more slowly because of underlying energetic weakness, such as the frequency of parasites."

REMINDER: Although the frequencies have balanced in those who are positive for them, we may have to allow our physical being to strengthen to notice the positive effects.

For more information on the latest frequencies you can listen to the Everything is Energy Show every Thursday morning from 9-10 AM (Pacific). (See the listing in [Events](#).)

Lily & Jethro from Kentucky

Our newest alpaca Jethro was born a healthy 19.4 pounds. He came through a rather difficult delivery, as this was Lily's first. He has wonderfully straight legs and a beautiful, soft Fleece that looks like mink. Lily has been on the program since May 2004. This year, her third shearing, she yielded over 9 pounds of fiber... more beautiful than previous years, with an impressive staple length of 5 inches... more than any other adult alpaca on the farm. (No other animals on the farm are on The AIM Program of self-healing through energetic balancing.) She is a fabulous milk producer... so much that we caught another baby in the pasture nursing from one side as ours nursed from the other!
