Events

Everything is Energy Show Topics for Episode #484 05/28/15:

- All discussions of energetic imbalances *reference certain frequencies an imbalance may be similar to. A frequency is NOT the actual disease.*
- Newly revealed Hereditary imbalances added to the AIM database.
- Continued discussion of our EMC2 disclosure: the importance of understanding that what we work with are energetic frequencies and how consciousness can create or destroy life.
- What a prion is and how frequency categories are relevant to Stephen, while all we need to know is that we heal whatever imbalances we have that are in or added to the AIM database.
- Discussed the need to self-heal all of our hereditary imbalances so they can no longer manifest or have the potential to manifest. Then for you to address the consequences of having had the imbalances in the first place. Some of which may have already manifested. Some things can be addressed medically, others may have permanent implications - examples discussed. We give no medical advice whatsoever.
- Referenced the "Max Speaks" chapter in Sanctuary. Specifically as it addresses the ideal combination of common sense, self-care, self-healing of energetic imbalances. Also alternative healing modalities and traditional medicine as they may be needed and or beneficial.

Newly Revealed Hereditary Frequency Update As of May 28, 2015

This week there were four new Hereditary frequencies revealed to us.

The first new Hereditary frequency 8528 was revealed to us and added to the AIM Program on May 26, 2015.

This frequency is believed to function within the energetic orbs of the Bladder, Urinary Tract, Kidneys, Lungs, Respiratory System and Skin or wherever it is in you!

It may manifest itself through the unresolved emotional etiologic frequency of: Disappointment.

The second new Hereditary frequency 8538 was revealed to us and added to the AIM Program on May 26, 2015. This frequency is believed to function within the energetic orbs of the Skin, Brain, Throat, Sinuses, Heart, Low Back and Hip Joints or wherever it is in you!

It may manifest itself through the unresolved emotional etiologic frequency of: Irritability.

The third new Hereditary frequency 8548 was revealed to us and added to the AIM Program on May 27, 2015. This frequency is believed to function within the energetic orbs of the Lymph Glands, Lungs, Respiratory System and Skin or wherever it is in you!

It may manifest itself through the unresolved emotional etiologic frequency of: Withdrawal.

The fourth new Hereditary frequency 8558 was revealed to us and added to the AIM Program on May 28, 2015. This frequency is believed to function within the energetic orbs of the Lymph Glands and Skin or wherever it is in you!

It may manifest itself through the unresolved emotional etiologic frequency of: Depression.

Here is the update on past frequencies that were revealed and added to the AIM Program last week:

8557, 8567 & 8518 We believe have balanced in all those AIM Participants who were clearing them.

Regarding the frequencies that have cleared, we clarify: "We cannot say with certainty or accuracy that they have cleared in all, because we cannot check all. Additionally, some heal more slowly because of underlying energetic weakness, such as the frequency of parasites."

REMINDER: Although the frequencies have balanced in those who are positive for them, we may have to allow our physical being to strengthen to notice the positive effects.

JoiceFaie from Idaho

I have something to share with you. I am so excited! Let me go back a little first. When I came on the AIM Program my right hand was paralyzed. The medical doctors said I had a stroke when I was 3 years old. You tested me in your office in May 2003 and said it was not a stroke and what I had would be healed. You just did not know how long it would take. As you know we have continued on the AIM Program.

Then on April 5, 2011 I was going to a meeting at 7 pm. It was a Tuesday and I had listened to the Facilitators conference call when you spoke to people clearing a hereditary frequency. I was hurrying out the door at 6:45

pm. I put my left foot forward to step down the steps and my legs just turned to spaghetti, and I fell forward. The fall broke my left leg just above the ankle in three places. I had to be screwed back together. At that point the spasticity on my right side got so intense. The spasticity was so profound I wondered about your promise.

Since then I have been to an orthopedic surgeon who said the only thing he could do was make a brace to keep my hand from pulling the thumb out of my palm and keep the fingers from constricting. Still my anxiety increased because my shoulder was being pulled out of place creating a lot of pain.

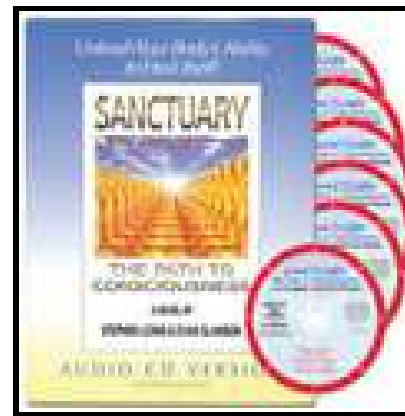

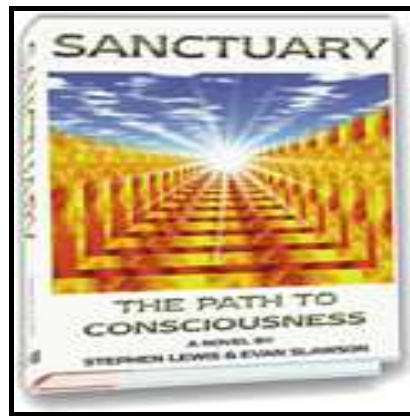

But on Sunday, October 28, 2012, I awakened and my right hand looked normal and felt so different. There was absolutely no spasticity. As I got out of bed I thought it may come back. I was leaning to the right as I walked and walking into walls because all the spasticity was gone. It took me three or four days to get to where I could walk normally. My right hand has calmed down so much. To look at it, it looks normal. I have to work on the muscles and develop them.

It feels so wonderful. I think it has also affected my brain because I feel so much better mentally as well as I feel happy.

I have more work to do and yet it feels so wonderful not to have the extreme paralysis. Just keep on doing your great work.
