## Events

### ***Everything is Energy Show Topics for Episode #485 06/04/15:***

- All discussions of energetic imbalances *reference certain frequencies an imbalance may be similar to. A frequency is NOT the actual disease.*
- Newly revealed Hereditary imbalances added to the AIM database.
- Stephen wonders how the future will view us, as pioneers or tree huggers. He referenced a quote in Sanctuary, by Robert Heinlein: "Any technology which is sufficiently advanced is indistinguishable from magic", and recommended his book Stranger in a Strange Land. We strive to make magic an expected part of life.
- Reminder that in frequency descriptions, the frequency component listed first was most dominant in the person in whom the imbalance was revealed. Some other components of the frequency may be more dominant in someone else who has the same frequency but has different "weakest links".
- Discussed self-healing questions related to blood transfusions.
- Discussed imbalances that have a frequency component of potential impact in the orb of the brain (such as the many types of Encephalitis frequencies). Such imbalances tend to largely impact people in ways related to some area of weakness in them as they heal them. Be it sleepiness, anxiety, headaches, or any number of other things associated with other brain-related issues.

**Here is the update on past frequencies that were revealed and added to the AIM Program last week:**

8528, 8538, 8548 & 8558 We believe have balanced in all those AIM Participants who were clearing them.

Regarding the frequencies that have cleared, we clarify: "We cannot say with certainty or accuracy that they have cleared in all, because we cannot check all. Additionally, some heal more slowly because of underlying energetic weakness, such as the frequency of parasites."

**REMINDER:** Although the frequencies have balanced in those who are positive for them, we may have to allow our physical being to strengthen to notice the positive effects.

### Jason from Nevada

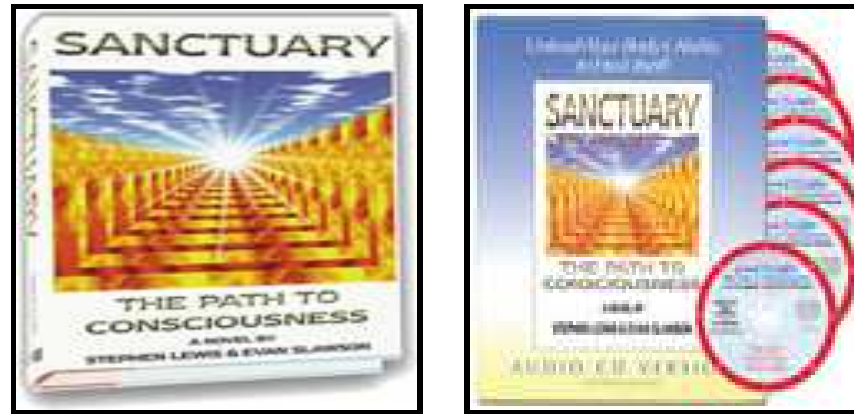

For the past seven years of my life I have had agonizing back pain. It got to the point to where I couldn't even work I was walking around like a cripple, I mean really bad. Sometimes I had shooting pains down both legs, and it was just really horrible. I tried everything to get rid of it; Doctor's, herbal care, exercises, stretches, and it never went away. I got on The AIM Program, and two weeks later it was completely gone. I feel no pain whatsoever, it's made me a harder worker; I can work all day long without having to lay down. I can't explain it but I don't hurt, I can run, I can jump, now I'm lookin forward to playin all the sports I used to play, I can bowl 20-30 games a night again. Everything feels really great. I don't know how it works but I love it, I believe in it. I'm one of those people that has to see something that works in order to believe in it, and I believe in it.
